

## S. A. L. Discontinues Four Georgia Trains Because of Strike

Shipments of Melons and Other Perishables from Georgia Will Probably Cease Soon.

### STATIONARY FIREMEN TO JOIN IN STRIKE

While Cabinet Discusses Situation Optimistically, Hooper Meets Union Leaders in Vain.

Americus, Ga., July 14.—(Special.)—First effects of the nation-wide strike of shompen were felt here today in an announcement by H. M. Sellers, agent of the Seaboard Air Line here, that trains Nos. 15, 16, 17 and 18 on that road would be discontinued, effective Sunday, July 17. The announcement caused some pessimism among those here who had hoped the end of the strike was near.

The trains proposed to be discontinued are important trade trains affecting Cordele, Americus, Columbus and intermediate points, the trains operating daily between Columbus and Helena, and being known as the Seaboard Shoo Fly.

With these trains discontinued there will remain only one passenger train daily on the Seaboard line between Savannah and Montgomery. Freight trains on the line so far as the public knows continue to operate on schedule with only ordinary road delays.

### MELON SHIPMENTS ENDANGERED.

Macon, Va., July 14.—(Special.)—Railroads today began withdrawing their solicitors from Georgia, where they have for some time been seeking the fruit and melon business of this territory. This, according to the watermelon growers, means that not a watermelon will be moved outside of Georgia if the strike of railroad shompen continues another week. In fact, shipments may be cut off before that time.

The first delay to perishables, since the strike began, occurred today, according to shippers. Connecting lines are in trouble, it appears, and with locomotives going out of commission the shippers see little chance to continue to force the perishables through the markets.

Most of the markets are congested with melons, anyway, but if railroad service should continue open for a few days, there will be a natural heavy slump in shipments. This information came today not only from the independent shippers, but from the offices of the Middle Georgia Melon Growers' association as well.

Total shipments of Georgia melons for this season today aggregated 9,603 cars, or 150 cars over the record of last season's, for the corresponding period. The Middle Georgia Melon Growers' association does not expect the total shipments for the season to exceed 11,000 cars, where early estimates had placed the season's total at as high as 25,000 cars.

### OTHER WORKERS JOIN STRIKE.

Cleveland, Ohio, July 14.—Members of the American Federation of Railroad workers employed here voted tonight to join the shompen's strike at 9 o'clock Monday morning, according to an announcement by officials of that union. The union, which has no connection with the American Federation of Labor, has a membership of 90,000.

Approximately 1,200 pipe fitters, coach repairers, painters, freight car repairers and inspectors will be affected here, the officers declare. The fact that the inspectors are included, they say, will hinder traffic at once.

### CONFERENCE IS FRUITLESS.

Chicago, July 14.—(By the Associated Press.)—The conference between Chairman Ben W. Hooper, of the United States Labor board, and B. M. Jewell, directing the striking shompen, ended shortly before 7 o'clock. Mr. Hooper and Mr. Jewell both refused to comment on the meeting which was also attended by Timothy Healy, president of the stationary firemen and others organization, who also authorized a strike of his men today.

The conference, which had lasted throughout the afternoon, apparently was without tangible results. Chairman Hooper told reporters that the meeting had discussed "the Einstein theory."

Mr. Jewell left the conference room and hurried away. Mr. Healy, when asked if an agreement had been reached, replied that "it would appear not."

While it was presumed that the matters discussed dealt with a new plan on which Mr. Hooper said yesterday he was working to end the shompen's strike, there was no indication of the nature of the proposal.

Those Present.

Mr. Hooper went to the conference after he had talked with L. E. Loree, president of the Delaware & Hudson and T. E. Crowley, vice president of the New York Central lines. Among those who attended today's conference were:

H. J. Carr, an executive board member of the International Association

## HARDING TOO BUSY IN STRIKE TANGLE FOR SENATE WORRY

President Cannot Take Time to Discuss Plan to Delay Legislation While Strikes Continue.

### LEADERS IN SENATE PEEVED BY SITUATION

When Lodge Goes to the White House, Harding Is Away on Golf Links, Which Riles Solons.

Constitution Bureau, Raleigh Hotel.

Washington, July 14.—(By Constitution Bureau.)—President Harding's time is too well taken up with the strike situation to discuss plans for postponing action on pending legislation, including the ship subsidy and bonus bills, as proposed by republican leaders of the senate at a recent meeting at the home of Senator Lodge, the majority leader.

This was the message delivered to newspaper men at the capitol today after Senator Lodge's visit to the white house.

The Massachusetts senator called to see the president to arrange a conference between the special senatorial committee, composed of Senators Curtis, Watson and himself, for the purpose of discussing the legislative program.

Situation Serious.

President Harding, Senator Lodge said, was unwilling to consider the plan at this time, believing that the strike question is more important and demands his entire attention.

It developed after the Lodge visit that the president looks upon the strike situation as serious. While he believes that the administration forces are in a fair way of dealing with the problem, with the possibility of an early settlement, it was indicated that in the event some agreement was not forthcoming soon, drastic steps would be taken.

This would be effected by calling leaders of the two branches of congress in conference to discuss the advisability of immediately enacting legislation which would enable the government to work with full authority and with a free hand in restoring peace in the industries involved. There was no indication of what the nature of the legislation would be. But it was hinted that full control of the mines of the country might be requested.

### Lodge Anxious

The strike of the coal miners has particularly affected the situation in New England, which is always the first territory to suffer from a coal shortage. For this reason, Senator Lodge is personally anxious. And it was suggested that Lodge concurred in the proposal to call administration leaders in conference.

Observers at the capitol believe from the reports of the day that unless the strike situation offers a more optimistic outlook for settlement in the next few days, the president will call members of the house back to Washington and will make senatorial recommendations in the way of special legislation. The time at present, however, is not propitious for direct communications.

Meanwhile, the attitude of the president over the legislative program is a matter of speculation. Members of the Lodge dinner party, from which the plan to postpone consideration of pending bills sprang, are clearly up in the air. Secretly, they hold that regardless of the strike situation, Mr. Harding should find time to discuss the agreement reached by them and that the matter should not be delayed unnecessarily. This contention has gained force since yesterday, when Senator Lodge, filling a tentative engagement at the white house, returned to the capitol with the statement that President Harding was "not at home," being on the Chevy Chase golf course. Members of the republican senatorial committee feel that the time might well have been devoted to a conference over the questions involved.

### Others Peeved.

There were evidences of others than Senator Lodge being peeved over the incident.

It further developed today that the anti-lynching bill, although not specifically mentioned, was included in the pending legislation to be postponed under the agreement reached by senate leaders. This measure was reported out by the senate judiciary committee recently.

Capital gossip is to the effect that the anti-lynching measure was drawn up by the judiciary committee at the special behest of Senator Lodge to

## LATE DEVELOPMENTS IN RAILROAD STRIKE

Chairman Ben F. Hooper, of the labor board, and B. M. Jewell, head of the striking shompen, held a conference, but no statement regarding its bearing on peace negotiations was made.

Sensor Cummins, a co-author of the transportation act, asserted that decisions of the railroad labor board were binding on both carriers and employees and could be enforced.

Secretary of War Weeks and Governor Neff, of Texas, each sent representatives to Denison, Texas, to investigate the need for troops to guard the M. K. & T. R. R.

Eight thousand stationary firemen and others was authorized to strike July 17, by Timothy Healy, president.

E. F. Grable, head of the maintenance of way organization, left for Washington to see the president after expressing confidence that his men would not walk out. Governor Davis, of Ohio, ordered troops to guard the M. K. & T. R. R.

## VIOLENCE OF FRIDAY IN SHOMPEN STRIKE

Chicago, July 14.—Additional disorders and minor riots in the shompen's strike area have been reported here in the past 24 hours. They include:

Chicago.—Rioting in the Burnside district, which ended when one strike sympathizer was wounded by a deputy marshal and police who answered a riot call, dispersed the mob. Another crowd stoned the home of a worker, injuring his 11-year-old daughter.

Muskogee, Okla.—Disturbances occurred in which a United States marshal was kidnapped and beaten by a band of men in automobiles, and a 17-year-old worker assaulted.

Sherman, Texas.—Mob threats forced temporary discontinuance of passenger service on the Texas and Pacific road between Sherman and Denison.

Cleburne, Texas.—A United States deputy marshal was arrested on a charge of aggravated assault after he is alleged to have drawn his gun when strikers entered a railroad shop and ordered them out.

Cleveland, Ohio.—Police reserves answered a riot call to disperse a mob of about 1,000, who surrounded the Pennsylvania ships and mobbed and threatened strikebreakers.

Indianapolis.—Wives of strikers and of men who stayed at work engaged in hair-pulling matches in support of their respective husbands.

## A. F. of L. Backs Striking Shompen Gompers Asserts

Leader Says Organized Labor Will Assist Rail Union to the Limit.

Washington, July 14.—The American Federation of Labor stands squarely behind the striking railway shompen and means to do everything within the law and within its power to assist the unions whose members are "fighting for the very life of their organizations," Samuel Gompers, president of the American Federation of Labor, said today.

The attitude of the railroad labor board was denounced by Mr. Gompers, who declared the board, ever since its creation had been a blot on the "sensible procedure of things."

Mr. Gompers said he was confident that if the railway executives and representatives of the railway workers were to meet and discuss their differences among themselves, they could reach an agreement to end the strike. He did not look with favor on any move by the labor board to adjust these differences, he said, because in the creation of the board it was apparent that "politicians were to decide industrial questions."

So long as the state authorities refuse to call on the federal government for assistance, he insisted, the government has no power within the law to send federal troops into the state.

Mr. Gompers scouted the idea that the striking shompen were interfering with mail trains, adding that "when cars ordinarily intended to convey mail matter are used to convey strikebreakers, then such cars cease to be mail cars and I have information that this has been done and is being done now."

Mr. Gompers also asserted he held information that the interstate commerce commission was in possession of official data to the effect that locomotives were being illegally sent out of yards by various railroad companies unfit for service and dangerous to the public.

## Edgar Lee Masters, Of "Anthology" Fame, Sued for Divorce

Chicago, July 14.—Edgar Lee Masters, poet and lawyer, was sued for divorce Friday by Mrs. Helen Jenkins Masters, in superior court.

Masters, who wrote the "Spoon River Anthology," is charged in the bill with deserting his wife and three children, March 1, 1919. It is alleged that he has not since returned.

Mrs. Masters charged that while her husband was traveling in Europe and Egypt, collecting literary material, she had to take boarders in order to support the children.

## SIXTEEN DIPPING VATS DYNAMITED NEAR VALDOSTA

No Arrests Have Been Made and Identity of the Wreckers Is Unknown.

### COUNTY TO REBUILD ALL VATS AT ONCE

Federal Officer and County Tick Eradicator Hold Conference and Report to State Authorities.

Valdosta, Ga., July 14.—(Special.)—Sixteen dipping vats were dynamited in Lowndes county late last night and early this morning. State authorities in Atlanta have been advised of the situation by Dr. S. J. Horne, federal tick eradicator officer, and Dr. T. H. Applewhite, state officer of this county.

After twelve vats had been reported wrecked this morning, an investigation disclosed that four more also had been dynamited. No arrests have been made.

The vats destroyed were those along the Echols county and the Florida line, but all in Lowndes county. The object of the wreckers seems to have been to blow up all vats in this vicinity so as to stop all dipping.

Cover Large Territory.

Heretofore, where one or more vats were destroyed, the cattle owners were required to drive their cattle to the nearest tank for dipping. The destruction last night and this morning covering such a large territory, makes the driving of cattle to other vats impracticable and checks the work in this immediate vicinity until vats can be rebuilt.

Dr. Horne arrived in Valdosta today and learned of the wholesale destruction immediately. He and Dr. Applewhite held a consultation and after getting a full report, communicated with state authorities in Atlanta. Just what action will be taken is not known. However, it is said the vats will be rebuilt as usual and dipping resumed.

### Prolongs Dipping Period

The dynamiting of such a large number of vats in Lowndes came as a complete surprise, as the tick eradication work in this county was practically completed. With the completion of this season's dipping the county would have been declared tick free.

The work of the lawless element last night will necessarily prolong the period of dipping, besides causing the county considerable expense in replacing the vats. It is not known whether the dynamiters were residents of Lowndes or one of the adjoining counties.

### GOVERNOR READY TO ACT WHEN ASKED.

Declaring that he could take no official action towards calling out the state militia until he was asked to do so by county officials or the sheriff of the superior court that the situation was beyond their control, Governor Hardwick, stated Friday night that he was powerless to relieve the situation in Lowndes county, where 16 cattle dipping vats were reported destroyed by dynamite, as having been blown up by alleged lawless residents.

"I am ready to call out the national guard and declare martial law whenever it is requested by the sheriff or judge of the superior court of Lowndes county," asserted the governor. "Until requested to do so, however, there is nothing I can do to relieve the situation."

## Macon Fails In Fair Project; Deficit Stands

Georgia State Fair President Unable to Hold Support of "Central City."

Macon, Ga., July 14.—(Special.)—The Georgia State Fair as far as Macon is concerned, appears to be a dead issue.

Exactly nine men attended a meeting called for this afternoon to determine the fate of the fair for this year and President Julius H. Otto, when the meeting adjourned without having solved the problem of the \$15,000 owed by the association, admitted he is "at the end of his rope."

Mr. Otto announced, however, that he will make one more effort to wipe the state clean.

The Georgia State Fair was organized 14 years ago with a capital of \$10,000. In this time the association has operated 14 fairs, making money on all but the last three, when \$30,000 was lost. The association has given the Georgia Agricultural society \$31,000 during the 14 years, and has made improvements at Central City park that cost \$71,000. Of the debts now existing \$5,000 is owed locally and \$6,000 from Maine to California. A proposal to enter bankruptcy is not considered seriously because of the effect it would have of discrediting the city.

At the meeting today automobiles, the war and short skirts are blamed for having taken away the thrills of the modern fair.

## Seven Climbers Die In Futile Attempt To Scale Everest

Philadelphia, July 14.—The Public Ledger in a copyright cable dispatch from Rongbuk Glacier camp, India, via London announced tonight that the expedition to climb Mount Everest has been abandoned as a result of an avalanche in which seven climbers were killed. Three members of the expedition, C. L. Mallory, T. H. Somervell, and S. M. Crawford, had narrowly escaped.

The dispatch said the final attempt to scale Mount Everest had been made on June 7.

## MASONS' ANNUITY RECEIVERS NAMED BY SUPREME COURT

Affirms Decision of Judge Bell and Appoints Edwards and Dickey Receivers.

### ATTORNEYS TO ASK FOR A REHEARING

Litigation Revolves About Payment of Claims of Two Classes of Policyholders.

Through action of the supreme court Friday in affirming a decision of Judge George L. Bell, of Fulton superior court, a receivership for the Masons' Annuity Insurance company, of Atlanta, was ordered and R. E. Edwards, supreme secretary, and John R. Dickey, director of the company, were named as receivers.

The company has a capital stock of more than \$1,000,000, and there is about \$1,000,000 in claims involved in the suit which was brought as a test case to decide whether or not "class B" policies of the company are valid claims under by-laws adopted when the company was reorganized in 1914.

Suit against the company in which the receivership was requested was brought by Mrs. Cora McClelland, and several other "class B" policyholders joined in the litigation. In the lower court a verdict was rendered several months ago in favor of the plaintiffs, and this verdict was upheld Friday by the supreme court, although a dissenting opinion was written by Judge J. K. Hines.

### Company Reorganized.

In 1914 the Masons' annuity, which is one of the largest Masonic insurance companies in the south, was reorganized, and policyholders were divided into two classes, "A" and "B." About two years ago funds for "class B" policyholders became exhausted, and the question arose as to whether the company could pay "class B" claims out of "class A" money. The suit was brought to decide this question, and in the entire litigation there was no question as to the honesty of officials of the company in their administration of affairs.

It was learned that in some states it has been held that the money in the fund of one class could be used to pay the claims in another class, and in some states it has been ruled that no such payments could be made. The question was decided for the first time Friday in the case handed down Friday.

### To Ask Rehearing.

Attorneys Little, Powell, Smith & Goldstein, represented the Masons' annuity in the litigation. The attorneys will file application for a rehearing in the case next week before the supreme court. The plaintiffs were represented by Reuben R. & Lowry Arnold, John S. & Ralph McClelland, A. H. Davis & John K. Methvin.

About \$1,000,000 each is represented in the claims of the "class A" and "class B" policyholders.

## ATTEMPT TO KILL MILLERAND FAILS

But Unsuccessful Assassination Effort May Result in Drastic Steps Against French Radicals.

### BY HUDSON HAWLEY.

Paris, July 14.—The unsuccessful attempt of a young anarchist to assassinate President Millerand during the Bastille day celebration is likely to have important political consequences and to result in strong pressure on Premier Poincare to abandon his policy of leniency toward radicals and adopt a firmer course.

Demanders are practically certain to be made for a cleaning out of the ministry of interior, where it is alleged the easy-going policy of Minister Maury has permitted the retention of numerous radicals and supporters of Calixtus and Malvy.

President Millerand showed no signs of alarm after the attempt on his life, which might have been successful had not the young anarchist

## BRITAIN TO QUIT JOB BEFORE TECH OPENS NEW TERM

Will Turn in His Resignation as State School Head to Governor Hardwick Before September.

### BRITAIN IS ELECTED ON THE THIRD BALLOT

New President of Tech Is One of the Best-Known and Most Popular Educators in Country.

M. L. Britain, state superintendent of schools, who was Friday elected to the presidency of the Georgia School of Technology to succeed Dr. K. G. Matheson, will accept the position and will ask Governor Hardwick to relieve him of his duties as state school head before the September term opens at Tech.

This was learned authoritatively by The Constitution Friday night. Dr. Britain some time ago announced that he would not be a candidate for re-election as state school superintendent, and he had intended resigning from his duties on January 1, 1923.

Upon his election as president of Tech Friday at a meeting of the board of trustees held here, it was learned that he will retire between now and September in order to take charge of the institution by the opening of the fall term.

### Who Will Succeed Him?

No information as to who will be appointed to take Dr. Britain's place as state superintendent until a successor is elected will be available until he formally requests that he be relieved.

Dr. Britain was elected president of Tech on the third ballot Friday by the trustees at a special meeting Friday afternoon. N. P. Pratt, who has been acting as president since Dr. K. G. Matheson left in the spring to become head of Drexel Institute, Philadelphia, and Dr. A. J. Patterson, dean of physics at the University of North Carolina, were the other nominees.

Dr. Britain is well known throughout the south as an educator and has been head of the Georgia public school system since 1911. He recently refused to stand for re-election as state school superintendent, intimating that he intended to enter college or university work.

### Successor Discussed.

The question of a successor for Dr. Matheson has been widely discussed by alumni and friends of the institution ever since his decision not to run again for his present office. Among those who were mentioned as being under consideration by the board of trustees were Dr. C. N. Strahan, former chairman of the state highway commission and a member of the University of Georgia faculty; Charles H. Brough, ex-governor of Arkansas and former head of the University of Arkansas; Dr. Patterson, of North Carolina, and Mr. Pratt, of Atlanta.

### When He Will Quit.

The trustees of Tech, it is understood, want Dr. Britain to assume his duties as soon as possible in order that he may have charge of preparation for the 1922-1923 session. Should he quit the office of state school superintendent to take up his new work, the governor will have to appoint some one in his stead until after the elections this fall. M. L. Duggan, state school supervisor, and N. H. Bullard, of Brunswick, are both candidates for the post.

The trustees at attendance at the meeting were: Governor Thomas W. Hardwick, ex-Governor Nat E. Harris, ex-Governor Joseph M. Brown, N. P. Pratt, J. F. Akers, John W. Grant and L. W. Robert, Jr., all of Atlanta; E. R. Hodgson and Hugh M. Love, of Athens; George H. H. Carwell, of Irwinton, and W. E. Simmons, of Lawrenceville.

Dr. Britain was born in Wilkes county, Georgia, on Nov. 11, 1866. He is the son of the late Rev. Dr. J. M. Britain and Mrs. Ida Callaway Britain, who now lives in Atlanta. His collegiate education was received at Emory college, from which he graduated with the degree of bachelor of arts in 1886, and at the University of Chicago, where he did some post graduate work in 1898. In 1910 he was awarded the honorary degree of doctor of laws by Mercer university.

### Marries in Atlanta.

He married Miss Lettie McDonald, of Atlanta, on Dec. 20, 1890, and since that time has made his residence here. From 1888, when he returned from a four months trip abroad, to 1890, he was the principal of the Grey street school, and from 1890 to 1896 he was head of the department of languages at the Boys' High school.

In 1900 he was elected superintendent of the Fulton county school system, where he held until 1910, when he was elected commissioner of schools for Georgia. He was later made superintendent of schools for Georgia, and has held that position since 1911.

As an author he has written an "Introduction to Caesar," "Blue Book of Stories," a "History of the Second Baptist Church," and a "History and Methods of Sunday School Work." Some of his works have been widely used as textbooks and he is considered an authority on the subjects covered in his books by many.

Dr. Britain, it will be remembered by many old residents of the city, was winner of a \$1,000 literary prize of

## Miners Are Expected To Reject Proposal Made By President

## GEORGIA SOLONS WILL NOW DECIDE ON TAX PROBLEMS

State Highway Commission Fight Seems to Be Out of Way, Pending Investigation.

### GEORGIA INCOME TAX WILL BE DISCUSSED

Taxes on Soft Drinks, Luxuries, Motor Oils and Lubricants Are Among Those Proposed.

Tax matters and provisions for increasing the state's revenue by seven million dollars will occupy the attention of the two branches of the general assembly next week, it was indicated in the house Friday, when a bill authorizing the state to impose an income tax in addition to the five mill ad valorem tax was introduced and various leaders of the house and senate declared that the legislature must turn its energies toward solving the tax problem at once if anything is to be accomplished at this session to relieve the situation. The two branches adjourned Friday until 11 o'clock Monday and it is planned to get to work on tax plans as early as possible in the week.

Through the passage of a resolution introduced by Representative McMichael in the house Friday, providing for the appointment of an investigating committee from the legislature to investigate charges that W. A. Crossland, United States government highway engineer, made a commission of \$15,000 through the sale of an Elbert county rock quarry to the state, it is believed that the fight over the highway department has ended for the time being and that more attention can be paid to other pressing matters. By passing this resolution a victory was won by Representative McMichael in his fight to have such an investigation made, and it is believed it will cause no further discussion during the week.

### Ready for Tax Bills.

With the highway fight temporarily out of the way in the house, it is believed by leaders that the tax bills proposed, including the income tax bill and the soft drink tax bill, can be taken up. The measure providing for the income tax does not go into details as to the per cent to be imposed but simply authorizes such a levy. A

### Continued on Page 3, Column 4.

## Woman Accused In Brutal Death Of Young Widow

Eye-Witness Says She Saw Victim Beaten to Death With Hammer.

Los Angeles, Cal., July 14.—One of the most amazing and gruesome murders in the history of Los Angeles has completely distracted attention from the Gloria Swanson will suit and affairs of all other screen celebrities Friday night.

Late in the day the grand jury indicted Mrs. Clara Phillips for murder.

Mrs. Phillips is charged with luring Mrs. Alberta Meadows, a pretty 20-year-old widow, to a lonely hillside and beating her life out with a hammer, after she had accused her victim of intimacy with her husband.

### Husband Tells.

Mrs. Phillips was arrested at Tucson, Ariz., after her husband, an oil operator of Houston, Texas, had come to the Los Angeles police and, while professing his undying love for her, informed them that she had confessed the crime which was committed Wednesday afternoon, and that he had helped her to escape.

A second amazing chapter was told to the police almost immediately afterward, when Mrs. Peggy Caffo, friend of Mrs. Phillips, and a self-avowed eye-witness, came voluntarily to police headquarters and told the officers she had been with the pretty young widow and the enraged wife, when the fight began and that when she tried to stop Mrs. Phillips, the latter turned on her, tried to strike her with the hammer and drove her away.

Late Friday Phillips sent the following telegram to his accused wife in Tucson:

### Wires to Wife.

"My Dear Baby: Everything is for

Such Is Confident Expectation After Friday Conference of Union Leaders at White House.

### U. S. MAY RUN MINES IF EMERGENCY COMES

Harding Declares He Has Requisite Power to Operate Mines If Situation Demands.

BY THE ASSOCIATED PRESS.

Washington, July 14.—A practical certainty existed tonight that the United Mine Workers of America will refuse President Harding's offer of arbitration to settle the coal strikes, both bituminous and anthracite.

John L. Lewis, president of the union; William Green, secretary-treasurer and Phillip Murray, vice president, left a final conference at the white house with President Harding and Secretary Davis late today determined. It was understood, to recommend a refusal of the government's offer to the union policy committee, which will meet here tomorrow.

The expected refusal, it was said, will apply to the anthracite mines as well as the bituminous, although employees in the anthracite region have accepted the president's offer practically without condition. The union viewpoint is that the anthracite fields, with their potential production of two million tons of coal a week, should not resume work, because this coal supply, along with non-union production of bituminous, would lessen public pressure for a strike settlement.

### U. S. May Run Mines.

The only light cast on the government's possible further course was a white house declaration today that President Harding felt no doubt he held power to operate the mines in an

This compares with a high point of 5,500,000 tons reached by non-union production since the strike. The railroad labor troubles, which have shut off almost completely one or two of the non-union areas and crippled car supply in others, is held responsible. The survey estimates that consumption is about eight million tons of bituminous coal per week.

Union spokesmen declared that the present situation is bringing about a shortage period in the coal supply, that prices will continue to rise and remain high, and that the mine owners can pay the old wage rate, or even an increase. The meeting of representatives of

non-union coal operators with Secretary Hoover scheduled for today, to discuss means of curbing mounting coal prices in some sections was postponed until the early part of next week.

satisfy the negro vote in Massachusetts. Senator Lodge is said to be at heart against the bill, believing, as do almost all members of the committee, that the measure is unconstitutional and would never stand the scrutiny of the supreme court. Political observers do not believe the bill will come near passage, while many hold that it will never be considered.

**Report Sidetracked?**

Senator Shortridge, who was designated by the committee to draw up the formal report, appears to have relinquished his determination to file a complete statement on the proposed legislation.

Announcement of his plans to do so caused a riot of fear at the time among republicans, who saw in the California senator's move something filled with political dynamite. Senator Shortridge, it is understood, was secretly solicited to discard his plan, which he appears to have done, as the report, although announced to appear last Monday, has not been presented yet.

In the most time, the disposition of the legislative program is assured of further delay until next week—perhaps longer. It may be that President Harding is awaiting information from the country as to the sentiment for or against cutting short consideration of bills which were chief planks in the republican platform in the 1920 campaign. He fears, it is said, that criticism will be made that the administration has not fulfilled pledges concerning legislation promised and is using the strike situation to maneuver for time. Hopes of his content, however, have not been disappointed by republican leaders.

# READ THEM OVER CAREFULLY

## SENATOR CHARGES DYE TRUST LOBBY

Washington, July 14.—Charges of a somewhat sensational character against the Chemical Foundation, Inc., the E. I. DuPont de Nemours & Co. and the Textile Alliance were made today in the senate by Senator Moses, republican, New Hampshire, in the course of a prepared address in opposition to the dye embargo provision of the administration tariff bill. Senator Moses said these organizations were three of the factors

in the gigantic fraud he was opposing, and added: "These three are significantly interlocked in their related personnel and in their activities; and it is they whose subsidiaries, officers, stockholders, lobbyists, paid propagandists and faked and kept organizations have been the most aggressive and insistent of all the profiteering crew who pertinaciously push this legislation."

Senator Moses declared that whatever the outcome of the government proceedings against the Chemical Foundation he always would believe it was conceived in conspiracy and fostered by falsehood. He charged that the "conspiracy was formed by Francis P. Garvin, its president; his associates in the office of the alien property custodian, and certain of the dye manufacturers of the country."

Attacks on the foundation were made by the senator.

tion was organized in the winter of 1919, Senator Moses said that on February 28 of that year Acting Secretary Polk signed a legislative order "which had been carefully prepared for his signature" by the foundation, authorizing licensing of seized enemy patents and trademarks by the organization. In this connection he presented a memorandum of a conversation which he said he had had with an unnamed federal official setting forth that Mr. Polk, who was acting in the absence of President Wilson, had explained that he had signed the order upon representations that the action to be taken was with the full approval of the federal trade commission, which was licensing the patents under authority of the trading with the enemy act.

The memorandum set forth also that Mr. Polk "seemed very disturbed" and had several conferences with officials of the trade commission and had "intimated very strongly that he had been made the victim of false representations to induce his signature to the executive order."

A week after the order was signed, Senator Moses continued, Mr. Garvin became alien property custodian and "as such, on April 10, sold to himself for \$250,000 property whose earning capacity thus far disclosed indicated it to have been worth many millions."

"Orge of Falsehood." Turning to what he characterized as "orge of falsehood with which the Chemical Foundation camouflaged its reputation," the New Hampshire senator asserted that while the foundation had "unctuously" advertised that it was to carry out educational purposes in the field of chemistry, it had spent nearly \$300,000 to "black" the industry for a dye embargo.

He placed in the record a number of letters sent to individuals and organizations of the country in which there was made "reference to the fact that the foundation was the false claim that the foundation was a government agency."

Senator Moses also introduced a number of letters to show that the Chemical Foundation's agents had had the bureau of education under former Commissioner Claxton distribute article about chemistry written by R. E. Rose, of the chemical department of the DuPont company.

As another illustration of how, he said, "great agencies of the government were victimized by the dye makers of the country and our public agencies turned to use in private propaganda," the senator presented correspondence designed to show that the dye exhibits recently shown at Chicago, Philadelphia, Rochester, N. Y., Washington, and other cities and now in the national museum here, had been financed by the dye-makers, having been prepared in the chemical warfare section of the war department. The correspondence was between Captain O. E. Roberts, Jr., of the DuPont company, the National Aniline and Chemical company and other dye concerns. Of the E. I. DuPont de Nemours company, Senator Moses declared that the people, through advances from the federal treasury during the war "not only financed the DuPonts in the tremendous extension of their business, but were also mulcted by the DuPonts to an extent which enabled the company

to increase its plant value to an admitted \$220,000,000, while at the same time taking over the profits which in one year amounted to \$129,000,000."

He charged also that of the \$95,250,000 advanced to the DuPonts during the war, remained unaccounted for on July 1, 1922, \$35,000,000.

The senator asserted that the DuPonts and the National Aniline and Chemical company conspired to monopolize features of the dye industry in this country and that the DuPont company from entering into a contract with Levine, Ltd., a British concern to divide the world for the sale of their dyes, had sought also to enter into a world agreement with the Badische company, the chief manufacturer of dyes which, with the German, dye cartel, he added, had been held up "as the bogey man of the dye world."

China Involved. After the Badische company declined to enter into the agreement, Senator Moses said, the DuPont company submitted a proposal to the American Trade Council, in China, "that had office located in Shanghai, to effect an arrangement whereby the Chinese government would confiscate 15,000 trade-marks held by the Germans for dyes marketed in China and form a joint Chinese company or an American-British company to license these trade-marks from the Chinese government."

Senator Moses added that for more than a year he had heard nothing of the imperialistic plans of the DuPonts in Europe or in the Orient and that the probability that "both schemes have crashed to the ground" was supported by the pressure the DuPonts now are making "for a dye embargo" in order that they may mulct from American dye-makers the funds which they have found themselves unable to take from war-stricken Europeans or simple-minded Orientals.

Placing in the record the general explanation of the government's action in entering into an arrangement with the textile alliance to distribute German representation dye in this country, Senator Moses charged that the alliance, originally formed to eliminate unfair practices in the textile trades, had, in the handling of the dyes, resorted to the most unfair business practices of which there is any record. He presented a mass of official and unofficial documents relating to the repatriation dyes which he said contained "ample proof" of his charge.

Asserting that the alliance had committed its dye interests to a committee of seven members, Senator Moses said this committee, which included in its membership representatives of the DuPont company and the Aniline company, also had been constituted as the advisory committee on China and the war trade board. Thus, he added, these two dye concerns had constant representation in everything that was done concerning the repatriation dyes and also had access to the private information of the war trade board.

CHALLENGES MOSES TO LEAVE IMMUNITY. New York, July 14.—Francis P. Garvin, president of the Chemical Foundation, Inc., in a statement tonight replying to what he termed the "vicious and malicious attack" of Senator Moses today on the foundation and "every other organization or business connected with American organic chemical industry," challenged the senator to repeat his statement in the newspaper he owns in Concord, N. H.

"If he will waive his senatorial pride and repeat his slanders in the columns of that paper," Mr. Garvin's statement said, "I will take the opportunity to expose him to his relations with German agents and the falsity of his slanders before a jury of his own neighbors. I promise to prove his motives and the source of his information before a jury of the people of Concord, by his own correspondence with the German agents, or he has the courage to produce that correspondence."

LEFT PAPER TO GO TO SENATE. Concord, N. H., July 14.—Senator George H. Aldrich, who was challenged by Francis P. Garvin, in New York tonight to repeat "in the newspaper he owns in Concord," statements which he made in the senate today regarding the Chemical Foundation, said for many years editor of The Concord Monitor. He left this position when he was elected to the senate in 1918 and is now publisher of The Monitor.

money derived from such a tax to pay bonuses to soldiers of Georgia who served in the world war has been introduced by Representative Bentley, but it is pointed out that this tax may be imposed to relieve the pension fund for Confederate veterans in the event the soldiers' bonus bill is not passed.

### Income Tax Bill.

Representative Hamilton, of Florida, introduced the income tax bill, and it provides for imposition of taxes on income, inheritances, privileges and occupations, the money to meet deficiencies and to pay off bonded indebtedness.

Some action on the motion picture censorship bill recommended favorably to the house by the special judiciary committee at the session last year, is expected during the next ten days.

Representative Mason, of Hart, author of the bill, said Friday he expected to call up the measure within a short time. A bill similar to the Mason bill was introduced in the house Thursday by Representative Collins, of Cherokee.

It is expected that the bills fostered by the National Woman's party representatives in Georgia, providing for the removal of laws discriminating against women will be called up for passage soon. The measure will be introduced in the senate by Senator Frank Mansson of the Thirty-fifth district.

In outlining this bill's provisions, Miss Lavinia Egan, of Washington, D. C., representative of the National Woman's party, issued the following statement Friday:

Outline of Bill. "The bill which Senator Frank C. Mansson will introduce into the senate, whose purpose is to grant equal civil and legal rights to the women citizens of Georgia, will not be in the form of a general, or blanket, bill such as was passed in Wisconsin. The attorney general has ruled that a blanket bill would be unconstitutional, since a general law does not repeal a special law, according to Georgia statutes. The measure, therefore, has been drafted so as to specifically state the special section of Parker's code which is discrimination against women exists and sets forth the manner of repealing or amending each section so that such discriminations will be removed."

"The code has been taken up section by section and each discrimination has been eliminated by a specific and not a general method."

"An act similar in character to the Mansson bill has been introduced in Massachusetts by the Massachusetts branch of the National Woman's party, and has already been secured with the legislature still in session."

"Mrs. Katherine Morey, chairman of the Massachusetts branch of the National Woman's party, informs us that this measure received the endorsement and support of the Woman's Trade Union League and the League of Women Voters of Massachusetts."

Spring is a young man and Winter an old man, continually at strife with one another, according to folk lore of the North and the South. Sometimes one conquers, then the other which explains to the Indians why it is warm and cold alternately.

## BOTTLERS PREPARE FOR BIG CONVENTION

Tentative plans for entertaining delegates to the convention of the American Bottlers of Carbonated Beverages which meets in Atlanta November 13 were formulated Friday night at a called meeting of local members of C. V. Rainwater, in the Druid Hills Country club. The convention will bring approximately 8,000 delegates and visitors to Atlanta from all sections of the country, it was stated.

Five committees were appointed to arrange the details of the convention. They included reception, entertainment, friendship and greeters, publicity and ladies' entertainment committees.

Talks were made by Mr. Rainwater, Lee Hagan and Donald A. Loyless.

### ATLANTANS TO SAIL FOR EUROPE SATURDAY

St. Elmo Massengale, prominent Atlanta advertising man, Friday engaged passage on the steamship Beveridge, and will sail for Europe Saturday for a several weeks' trip.

Mr. Massengale will be accompanied by his family, Dr. G. H. Noble, Atlanta specialist, and Dean Thomas H. Johnson, of St. Philip's cathedral here. Mr. Massengale underwent an operation about two months ago, and the trip to Europe is being made by him in an effort to fully regain his health.

### SMITH NOMINATED ATHENS POSTMASTER

Athens, Ga., July 14.—(Special).—Paul L. Smith, who has been acting postmaster in Athens several months, has been nominated to the office by President Harding. Mr. Smith's name went to the senate Friday. Confirmation is expected immediately. Mr. Smith was former assistant postmaster here and has been acting since the resignation of Former Postmaster J. H. Rucker took place.

## TECH'S NEW CHIEF.

The people of Georgia and friends

of the Georgia School of Tech-

nology everywhere will approve

the selection of Dr. M. L. Brittain,

state superintendent of schools, for

the presidency of that institution.

Not only is Dr. Brittain gener-

ally popular throughout the state,

but he is an educator of national

reputation, and his superior ability

is recognized in educational circles

in all parts of the country.

For twelve consecutive years he

has been at the head of the public

school system of Georgia, and dur-

ing that time the state has experi-

enced more genuine educational ad-

vancement than it had made dur-

ing any previous period of twice

that length in its entire history.

That phenomenal advancement

has been attributable very largely

to the alert, progressive and ca-

pable leadership and direction of

Dr. Brittain.

It was with sincere regret that

the people of Georgia recently re-

ceived Superintendent Brittain's

announcement of his intention to

retire from office at the close of

his present term; but it goes with-

out saying that state-wide grati-

fication over his elevation to the

position of president of one of Geor-

gia's most important institutions of

learning will be equally as general.

And it is all the more an occasion

for general commendation that the

board of trustees of Tech was able

to engage the services of a man

of Dr. Brittain's high abilities with-

out going outside the state.

Dr. Brittain is a Georgian, born

and reared; and the fact that he

loves Georgia and its people; that,

by life-long personal contact, he is

familiar with their temperamental

attributes, viewpoints and senti-

ment, and has vision to see the

educational and industrial needs

and requirements of the state, will

make him more valuable as presi-

dent of the School of Technology

than any man from another state

could possibly be, all other things

being equal.

The board of trustees is to be

felicitated upon the splendid choice

it has made.

And the highest compliment that

can be paid to Dr. Brittain is to

say that he will undoubtedly prove

to be a worthy successor to Dr. K.

G. Matheson.

## SAVE THIS INDUSTRY!

Butter made in Georgia cream-

eries is superior in quality to the

high-priced creamery butter which

is imported in tremendous quanti-

ties from other states and which en-

joys an extensive market in the best

homes and leading hotels of this

state.

This is not merely an assertion

inspired by state pride nor a state-

ment that is supported only by a

flimsy fancy. It is a cold, hard

fact, based upon public, official,

scientific test of seven samples of

the butter product of seven Geor-

gia creameries in comparison with

five samples of the highest-priced

and best-known brands of imported

creamery butter.

The scoring process was con-

ducted, openly and above board,

at an Atlanta hotel last Wednesday,

by W. L. Clevinger, a butter expert

from the dairy division of the

United States department of agri-

culture, in the presence of L. H.

Marlatt, butter and cheese expert

of the Georgia State College of

Agriculture; railroad representa-

tives; officials of the Georgia Fed-

eration of Women's Clubs and of

the Georgia association and repre-

sentatives of the creameries at

Ashburn, Atlanta, Rome, Athens,

Columbus, Dalton and Moultrie.

And it was conducted upon the

highest plane, guaranteeing ac-

curacy and conclusiveness of the

results.

All of the twelve samples were

first placed in plain wrappers, prior

to their being brought into the test

room, and before scoring, so that

neither the official scorer nor the

creamery representatives them-

selves could distinguish the Geor-

gia-made from the imported prod-

uct.

Every sample of Georgia cream-

ery butter received a score equal

to, or higher than, the highest-

priced imported sample—a well-

known brand of butter which was

purchased from an Atlanta retail

store, immediately before the scor-

ing took place, at 55 cents a pound!

What a significant tribute to the

creamery industry of Georgia!

Think of it—with two exceptions,

all of Georgia's creameries are less

than a year old, yet in the quality

of their product they were able to

surpass the best creameries of the

north, with which they are forced

to compete on the Georgia market!

It is, in truth, a rare tribute to

the enterprise and integrity of the

management of Georgia creameries,

and every Georgia should contem-

plate this remarkable record with

pride!

And yet, despite the fact that

Georgia produces a better grade of

butter, as shown by this scientific

test, Georgia creameries, and with

them the dairy farmers of Geor-

gia, are threatened with disaster

through the lack of home demand

for their superior product!

The records show that a surplus

of 20,000 pounds of this high qual-

ity Georgia creamery butter, though

representing less than 3 per cent of

the butter consumed in Georgia,

has, within the last thirty days,

been forced to beg a market in

northern cities in price-throttling

competition with inferior grades

produced in northern creameries,

while Georgia's best homes and

leading hotels have been buying the

butter imported into this state, and

paying for it something like 15

cents a pound more than the retail

stores are asking for the highest

quality brands of Georgia butter.

This represents a tribute of more

than a quarter of a million dollars

a year that Georgians are paying to

outside butter manufacturers!—an

amount which, if diverted through

Georgia creameries into the pockets

of Georgia dairy farmers would

firmly establish on a profitable and

sound basis what is potentially

Georgia's most important agricul-

tural industry and the state's most

certain insurance of return to rural

prosperity!

This, Georgians, is the situation.

It is not important to fix the

blame, even if it could be fixed. The

important thing is, What is Georgia

going to do about it?

The way out was pointed by the

creamery men themselves, acting

with the counsel and aid of Geor-

gia's foremost civic development

agencies, the Georgia Federation of

Women's Clubs and the Georgia as-

sociation, which organizations have

collaborated in offering the follow-

ing suggestions:

"1. Georgia creameries proved

themselves worthy of the confidence

and co-operation of Georgia con-

sumers by taking them into their

confidence and submitting to public

quality tests of their butter.

"2. By acting on their own

motion to place an absolute guaran-

tee on every pound of butter hereaf-

ter offered for sale in their own car-

tons, or containers, they clearly are

entitled to the same price that for-

eign producers are receiving for

butter of equal or perhaps inferior

quality.

"3. The use of the individual Geor-

gia creamery carton, with its guar-

antee of quality, will justify the

produce dealers of Georgia in seek-

ing out the Georgia product at prices

paid by them for the imported ar-

ticle of equal quality and in char-

ging Georgia customers for quality

butter.

"4. The action of the Georgia

creamery men by appointing a com-

mittee on regulations to maintain

and improve present sanitary con-

ditions and quality standards of both

cream and butter is a public guar-

antee of good faith on their part and

gives complete assurance of con-

tinued high standards."

It can now be taken for a dem-

onstrated fact that Georgia cream-

ery butter found in Georgia cream-

ery cartons is not priced too high

if it is priced the same as the high-

est priced imported butter!

This fact has been conclusively

established; and it is inevitable

that dairy farming in Georgia will

decline, agriculture will suffer and

the new Georgia creamery industry

will falter, if not fail, unless Geor-

gia consumers will respond and do

their part, just as the creameries

have done theirs by submitting

their product to the acid test!

Georgia women do most of the

buying of supplies for Georgia

households, and they have it within

their power to save the situation.

They can do it by demanding

Georgia creamery butter, and by

manifesting a willingness to pay for

its "quality" butter prices!

The women of the Georgia Fed-

eration of Women's Clubs initiated

and conducted in superb fashion

the recent highly successful "Made-

in-Georgia" campaign.

Now let them save Georgia's

creamery and dairy farming indus-

tries by prompt and effective ac-

tion!

They can do it, and every civic,

industrial or commercial organiza-

tion, every business man and every

patriotic and enterprising citizen

of Georgia can well afford to, and

should, co-operate with them to

that end.

## Just From Georgia

BY FRANK L. STANTON

The Lady He

Loved.

I.

There is the gar-

den, but

never a bloom

Violet—poppy,

flame-red—

The stars are like

wandering

ghosts in the

dread.

The lady they

loved—she is

dead.

She drank the wine of the pop-

pies full deep.

And the midnight-mad mockingbirds

sang her to sleep.

II.

This is the portal: Start not at a

sound!

'Tis the heart beating fast for Time

fled;

No lips to be kissed now; no brow to

be crowned;

The lady they loved—she is dead!

She passed from Fate's prison—its

bolts and its bars,

And died with her beautiful face to

the stars.

III.

And I seem like a child that has lost

the home-way,

And shadows are phantoms of

dread.

## NAME COMMITTEE ON LUXURY TAXES

After a spirited debate Friday, the senate passed a resolution by Senator Golucke, of the 19th, providing for a joint committee from the house and senate to draft a bill levying a tax on luxuries, the proceeds to be devoted to payment of Georgia pensioners.

The resolution went to the house for concurrence. President Clay appointed Senators Thomas, Boykin and Cline as members of the drafting committee.

The original resolution by Golucke suggested specific percentages of special tax on soft drinks, motion picture houses and theaters, opera, baseball and football, boxing contests, perfumery and other articles.

Amendments Made. Several amendments were submitted and adopted. Senator Cline offered an amendment striking the suggested percentages of levy. Senator Wohlwender announced an amendment calling for a tax on notes, mortgages and deeds. An amendment by Senator Thomas included shooting galleries and dance halls. An amendment by Senator L. C. Brown to tax golf lost. He also lost a motion to table the resolution and all its amendments.

Proposal to tax the soft drink industry brought on the biggest fight. In offering his resolution Senator Golucke declared that he did so merely as a suggestion with the hope that the plan or some modification of it would be adopted to meet the pressing need of revenue to pay pensions of the Confederate veterans. He said that a bond issue of \$4,000,000 for pension payments had been proposed by the house and means committee. He expressed his belief that the assembly would not adopt a bond

## \$200,000 PAVING AWARDS APPROVED

Senator Nix and other members objected to Wohlwender's amendment, asserting that it would have the effect of loading down the measure to defeat it.

In Favor of Tax. "Personally, I am in favor of taxing notes and mortgages," he said, "but I don't want to see the proposition loaded down. It's time we were taking care of the poor of Georgia—the farmers, who are barely making a living—and levy on some of the profits of these concerns that are piling up dividends on luxuries."

"Look at Coca-Cola. It has gone up from 18 to 74—every few days a boom, and the papers carry big headlines about it."

Senator Brown argued against a soft drink tax, reminding the members that at the last session a tax of 4 cents per pound was imposed on carbonic gas. He said it was unfair to pick out one industry for taxation when so many classes of invisible property are occupying tax burdens.

Senator Kimzey, arguing for the soft drink tax, asserted that soft drinks are "worthless for anything except classing."

Senator Johnson, another drink tax advocate, declared that "it is time somebody was here talking for the farmer. The opposition to this resolution is close to 100 per cent."

From those members who voted against repeal of the tax equalization law, on the ground that no tax substitute had been offered, they would be willing to vote for a substitute.

## Forsyth Property Owners to Decide Underpass Crossing

Whether the Forsyth street underpass at Marietta and Forsyth street, will be closed to traffic recently initiated, will depend on the attitude of property owners whose holdings will be affected and their willingness to pay their pro rata share of the expense in the project, it was stated Friday by J. R. Smith, president of the Forsyth street property owners' association.

Contracts stipulating the amount each property owner is listed to pay were mailed out by Mr. Smith with a request that they be filled out and returned by next Thursday at 10 o'clock. At that time a meeting of the committee in charge of the project will be held in the office of the president to determine final action.

The closing of the underpass will mean an extension of Fairlie street from the intersection at Forsyth to the railroad tracks so as to arrange for traffic now utilizing the underpass, it was stated.

## MILLARD STEPHENS SLIGHTLY IMPROVED

Millard Stephens was in a slightly improved condition Friday night, according to physicians at the Grady hospital, who expressed the belief that he now has fairly good chances of recovering.

Stephens has been lying between life and death since being wounded last Sunday by his former wife, Mrs. Helen Avery, who shot him twice in the abdomen after, as she claims, he had battered down the front door of her home, 278 Jones avenue, and was entering the hall, threatening to kill her and take her little girl away.

One of the bullets punctured the intestines in six different places, according to the surgeons who operated on Stephens. Mrs. Avery is at liberty under a \$2,000 bond.

## POLICEMAN IS SUING FOR \$30,000 DAMAGES

George F. Cole, a city policeman, on Friday filed suit in the city court of Atlanta seeking to recover \$30,000 damages from the Georgia Railway & Power company for injuries alleged to have been received by him May 27, 1922.

Mr. Cole claims that a pedestrian had been struck by a street car at Whitehall and Beethoven streets and he went to investigate and was in between two street cars taking down the names of witnesses, when the motorman on the front street car suddenly and without warning, started the car backwards and mashed him between the street cars. He alleges he is permanently injured. Harwell, Fairman & Barrett, of Atlanta, are attorneys for plaintiff.

## GEORGIA TECH BOYS GO TO OGLETHORPE

Ninety students from Georgia Tech, comprising Companies A and B of the U. S. M. C. unit, together with students from the University of Tennessee and Louisiana State university, left their respective schools Friday for Fort Oglethorpe, near Chattahoochee, Tenn., where they will assemble for a nine days' training period.

The Georgia Tech organization, commanded by Major A. L. Pondell, left in an automobile truck. While at the fort maneuvers of regular army tactics will be practiced, the students taking part in an inspection tour of Lookout and Signal mountains' battlefields.

## SAWYER IMPROVING FOLLOWING ACCIDENT

Friends of J. F. Sawyer, of 676 South Boulevard, will be glad to learn that he is convalescing from injuries suffered in an automobile accident last Saturday night near the terminal station. Mr. Sawyer was removed from the Georgia Baptist hospital to his home.

## Senate Sidelights

BY HENSON TATUM

Senator Denis Fleming's fishing bill has started something. Nimrods of the line and reel were stirred Friday when they heard of it. They called a hasty conference and studied the measure closely. They found its language unadorned and rigid. Absence of any married man from home on a professed fishing trip is made a felony, unless he gains the full consent of his wife. Failure to catch any fish entitles his wife to revoke all future permits, the preponderance of circumstantial evidence being against the fisherman in all such cases.

Dr. John Powell, of Atlanta, grand gills of a local fisherman's order, sent over to the senator's desk by letter of hand the following communication, which the senator was unable to classify as between a pledge to comply or a bill of protest:

"After reading the text of your fishing bill in the Constitution I have called my fishing friends together for a conference. We have deliberated and dissected the question pro and con, and we have agreed that it is a wonderful document, in fact, the most important since the league of nations."

"If your bill passes, as we think it should, and will, we will abide by the law to the very letter."

"We will subscribe \$5 each as a safety fund to be used by any one of our members to buy fish from friendly fish dealers in case any of us should fail to reach the fishing hole in time or fail to have the right bait."

"We think that your bill, if passed, could strike at the very foundation of our nation's fish and game liberty. However, we think pretty well for us, unless some case in our camp gives some one a member the punishment for which is to be forced to the fishing trip."

Singing Solos. Singing solos of the assembly blended harmonious voices in a half-hour musical convention in the house chamber Friday preceding the session. They "listened" a few tunes, sang "la-ti-hyms" and several familiar old-time hymns.

"If we could have that every day in place of the orating," remarked Senator Thorpe, "we'd be better off. After singing those songs a member couldn't vote far wrong."

## Three Announced For Mayor; Seven Are Prospectives

Senator Wohlwender was presiding for President Clay for a few minutes on proposed passage of a measure, no quorum voted. The senator requested all members to vote one way or the other on the question again, no quorum voted.

"Mr. Messenger," ordered the acting speaker, "go to the Kimball house and get the senators."

Twenty-six Years Service. Major D. F. McClatchey, secretary of the senate, is rounding out twenty-six years of service connected with the general assembly. He started as a clerk in the house.

Senator J. D. Cullum, of the 13th, wearing the "belt" for never having missed a roll call during two years, was challenged Friday by Representative Boyce Ficklen, of Wilkes, who says that during the past six years, serving alternately in the senate and house, he has missed several roll calls.

## DIXIE BUSINESS LEASES ANNOUNCED BY ADAIR COMPANY

Southern business leases aggregating \$1,272,000 were announced Thursday by the chain store leasing department of the Adair Realty & Trust company.

The Hampton building, at the corner of Franklin and Polk streets, Tampa, Fla., has been leased for twenty years to the J. C. McCrory company, of New York, at an aggregate rental of \$310,000.

Another Tampa lease to Sydeman Brothers, of New York, for ten years at an aggregate rental of \$84,000, just been closed. This is a two-story building, size 50x90 feet, located at 908-11 Franklin street.

Shawmut Investment corporation, of Atlanta, is the lessee of a three-story and basement building, at the corner of South Main street and Gay street, for a period of 20 years. The aggregate rental of this building is \$148,000.

As agents for the W. T. Grant company, of New York, the Adair company made a five-year lease at an aggregate rental of \$19,800 on the store at 406 Third street, Macon, Ga., to Z. Kessler of that city.

Harvey Shoe company has just opened a store on Broad street, Augusta, Ga., leased to them by this company for a period of eight years, at an aggregate of \$54,200. The factory is located at Hanover, Pa.

One of the principal corners in Jacksonville, Fla., at Main and Monrovia streets, has been leased for a period of twenty years, at a rental of \$441,000. The name of the client has not been disclosed, but Adair & Sons have awarded the contract to build on this lot a two-story building, 105 feet square.

## WRIT OF INJUNCTION HALTS LOCAL PAVING

The paving on Woodward, between Cherokee and Capitol avenues, was halted Friday by injunction obtained by the Georgia Railway & Power company. Judge George L. Bell, in the Fulton superior court, signed an order temporarily restraining the city from paving Woodward avenue until a hearing could be had on the constitutionality of the action of council of July 6, which authorized the paving and the assessment of the company for its proportion of the costs. The hearing is set for July 29.

## Supreme Court of Georgia

Judgment Affirmed. Supreme Lodge of the Masons' Annuity v. McClelland et al.; from Fulton superior court—Judge George L. Bell, Little, Powell, Smith & Powell, for plaintiff; in error, Reuben R. & Lower Arnold, John H. & Ralph McClelland, A. H. Davis, John P. Methin, contra.

Judgment Reversed. Young, administrator, v. Freeman; from Troup superior court—Judge Rood, E. A. Jones, J. J. Meador, W. F. J. Moody, H. A. Loveloy, for plaintiff; in error, W. C. Wright, A. H. Freeman, Sidney Holcomb, D. J. Gaffney, A. R. Thompson, contra.

Dismissed. Freeman v. Young, administrator, (complaint of guardianship); from Troup.

house, he has answered present every time the clerk called his name.

A one-reel, which in moviedom would doubtless go on the billboards entitled "The Three Lost Hats," was acted at the Capitol Tuesday. The actors were impromptu and were Herbert Clay, president of the senate; Attorney "Bunk" Cooper, of Macon, and Representative Mack Johnson, of Barrow county, candidate for the railroad commission.

Circumstances cast Attorney Cooper in the role of villain. President Clay was the injured seeker of revenge. They played the stellar parts. The letter was addressed to all members of the legislature and copies were placed before the members Friday.

Following is the letter:

"We believe that Brunswick is the logical point at which should be located state-owned terminals, and our purpose in bringing this matter to your attention is because of the propaganda being broadcast, in which our port is entirely ignored."

"The deep water shipping facilities of a coast line, to be of use to the entire state and we deem it our duty, as citizens, to acquaint the representatives of Georgia's electorate, and through these representatives all the people of Georgia at large, with the many natural advantages of Brunswick's harbor, believing that this port offers superior advantages at a mere cost to the state of \$150,000."

"It is our belief that the development and use of this harbor will result in the creation of a new and important industry in the state, and we deem it our duty, as citizens, to acquaint the representatives of Georgia's electorate, and through these representatives all the people of Georgia at large, with the many natural advantages of Brunswick's harbor, believing that this port offers superior advantages at a mere cost to the state of \$150,000."

"It is our belief that the development and use of this harbor will result in the creation of a new and important industry in the state, and we deem it our duty, as citizens, to acquaint the representatives of Georgia's electorate, and through these representatives all the people of Georgia at large, with the many natural advantages of Brunswick's harbor, believing that this port offers superior advantages at a mere cost to the state of \$150,000."

Following is the letter:

"We believe that Brunswick is the logical point at which should be located state-owned terminals, and our purpose in bringing this matter to your attention is because of the propaganda being broadcast, in which our port is entirely ignored."

"The deep water shipping facilities of a coast line, to be of use to the entire state and we deem it our duty, as citizens, to acquaint the representatives of Georgia's electorate, and through these representatives all the people of Georgia at large, with the many natural advantages of Brunswick's harbor, believing that this port offers superior advantages at a mere cost to the state of \$150,000."

"It is our belief that the development and use of this harbor will result in the creation of a new and important industry in the state, and we deem it our duty, as citizens, to acquaint the representatives of Georgia's electorate, and through these representatives all the people of Georgia at large, with the many natural advantages of Brunswick's harbor, believing that this port offers superior advantages at a mere cost to the state of \$150,000."

"It is our belief that the development and use of this harbor will result in the creation of a new and important industry in the state, and we deem it our duty, as citizens, to acquaint the representatives of Georgia's electorate, and through these representatives all the people of Georgia at large, with the many natural advantages of Brunswick's harbor, believing that this port offers superior advantages at a mere cost to the state of \$150,000."

## Yesterday in the Assembly

### HOUSE

Bills Introduced. By Hamilton, of Floyd—To amend constitution to provide for tax on income.

By Henderson, of White—To levy a tax on all soft drinks and near beers.

By Bentley, of Fulton—To make it a violation of law to draw a check without funds.

By Horn, of Dodge—To make president of United States a member of board of trustees of Confederate Soldiers' home.

By Way, of Liberty—To authorize governor to sell state-owned lands.

By Neill, of Muscogee—To amend constitution relating to poll tax.

By Childs, of Union, and others—To repeal law of 1917.

By Cobb delegation—To appropriate \$750 for Confederate soldiers' cemetery at Marietta.

### SENATE

Bills Passed. By Clay, of the 30th—To amend section 558 of the penal code providing that at no time shall a person charged with a misdemeanor be refused bail.

By Bellah, of the 42d—To abolish the county court of Chattooga.

By Bellah, of the 42d—To create the city court of Summerville.

Bills Introduced. By Womble, of the 25th—Requiring all persons operating motor vehicles to stop before entering covered bridges and sound warning with horn or klaxon.

By Childs, of the 12th—To codify the school laws of the state.

By Hollingsworth, of the 17th—To amend section 2484 of the civil code.

### Recovery of Stolen Car Provides First Clue To Fugitive Convicts

Police are advised Friday of the recovery by Charles E. Morris, living near Tucker, Ga., of the automobile belonging to Mr. E. Harris, oil inspector, stolen by Marion Stewart and Wiley Cooper, youthful convicts who made their escape several days ago from a squad working on the Roswell road.

Stewart and Cooper, it is stated, slipped away from the other prisoners while the guard had his head turned. They made good their escape by confiscating the machine, which had been parked near by, and driving away.

This is the first information officers have received concerning the fugitives, or the route they had taken. The machine, as stripped of all its parts when found, according to Mr. Morris.

### Steamer Is Floated

Saulte Ste. Marie, Mich., July 14.—The steamer Noronic, which went aground on Beech Point, Upper St. Mary's river yesterday with 400 passengers aboard, was released today.

Following is the letter:

"We believe that Brunswick is the logical point at which should be located state-owned terminals, and our purpose in bringing this matter to your attention is because of the propaganda being broadcast, in which our port is entirely ignored."

"The deep water shipping facilities of a coast line, to be of use to the entire state and we deem it our duty, as citizens, to acquaint the representatives of Georgia's electorate, and through these representatives all the people of Georgia at large, with the many natural advantages of Brunswick's harbor, believing that this port offers superior advantages at a mere cost to the state of \$150,000."

"It is our belief that the development and use of this harbor will result in the creation of a new and important industry in the state, and we deem it our duty, as citizens, to acquaint the representatives of Georgia's electorate, and through these representatives all the people of Georgia at large, with the many natural advantages of Brunswick's harbor, believing that this port offers superior advantages at a mere cost to the state of \$150,000."

"It is our belief that the development and use of this harbor will result in the creation of a new and important industry in the state, and we deem it our duty, as citizens, to acquaint the representatives of Georgia's electorate, and through these representatives all the people of Georgia at large, with the many natural advantages of Brunswick's harbor, believing that this port offers superior advantages at a mere cost to the state of \$150,000."

Following is the letter:

"We believe that Brunswick is the logical point at which should be located state-owned terminals, and our purpose in bringing this matter to your attention is because of the propaganda being broadcast, in which our port is entirely ignored."

"The deep water shipping facilities of a coast line, to be of use to the entire state and we deem it our duty, as citizens, to acquaint the representatives of Georgia's electorate, and through these representatives all the people of Georgia at large, with the many natural advantages of Brunswick's harbor, believing that this port offers superior advantages at a mere cost to the state of \$150,000."

"It is our belief that the development and use of this harbor will result in the creation of a new and important industry in the state, and we deem it our duty, as citizens, to acquaint the representatives of Georgia's electorate, and through these representatives all the people of Georgia at large, with the many natural advantages of Brunswick's harbor, believing that this port offers superior advantages at a mere cost to the state of \$150,000."

## Local Elks Plan Great Welcome For Delegation

The triumphant return of Atlanta's delegation to the national Elks' convention, which just closed in Atlantic City, will be celebrated Saturday afternoon with a band concert and a downtown parade.

The Elks will return over the Southern railway, arriving at the terminal station at 5:20 o'clock. All members of the order in Atlanta and all visiting brothers are urged to be present to greet them.

A gala celebration is planned in honor of the returning delegation who went to Atlantic City and secured the 1923 Elks' convention for Atlanta. The delegation included about a dozen members of the local lodge.

Atlanta Elks have set a goal of \$150,000 for the convention entertainment fund. It will require that amount to care for the gathering in true Atlanta style, according to lodge officials.

## SIM LAWHORN GETS LIFE IMPRISONMENT

Tifton, Ga., July 14.—Sim Lawhorn, 22, was found guilty last night of the murder of S. S. Monk, his 70-year-old landlord, who was shot and killed June 13 on a public road near his home. The jury recommended life imprisonment. He was sentenced today to life imprisonment. Sim Lawhorn, 20, a brother, also is under indictment in connection with the case.

## Local Legion Post Formally Observes French Anniversary

The American Legion, William B. Coleman post, commemorated the French Independence day, July 14, at their meeting Wednesday night at the Ansley hotel.

Senator Hutchinson, of Rome, Ga., delivered a short speech after which the principal speaker of the day, Roger Marx, representative from the French alliance, spoke on the great day of France, when the Bastille fell and the old regime went down. Mr. Marx' brother, Pierre, also a representative from the French alliance, acted as interpreter.

The two Frenchmen were in the late war and both received wounds in action. Pierre Marx sang two popular war songs, "Madelon" and "Over There," and the "Marseillaise." He was accompanied by Madam Sonia Novak.

Plans for the state convention of the Legion, at Waycross, July 17-19, were discussed. The speaker of the entertainment of all legionnaires, passing through Atlanta, on their way to the convention also were discussed. These will give a reception to the members of north Georgia Saturday evening at their hall on Marietta street.

## Dr. Starnes Appeals To Federal Courts For Narcotic Permit

Hearing a petition for a writ of mandamus to compel Collector of Internal Revenue J. T. Rose to issue a narcotic permit to Dr. W. A. Starnes, local physician, will be held before Judge Sibley in federal court Saturday morning.

The petition was filed through Attorneys Hooper Alexander and David J. Meyerhard. Dr. Starnes alleges that when he applied to the collector for a renewal of his permit to dispense narcotics he was informed that the permit had been suspended because he was under indictment.

The physician alleges that under the law the collector must issue permits to all duly qualified physicians. He stated that he is licensed to practice medicine in Georgia and that a refusal of the permit was an interference with his rights.

## Property Owners Object To Store in Restricted Area; Appeals to Court

Judge George L. Bell in Fulton superior court, Friday, granted an order temporarily restraining J. Clifford Cox from erecting two stores at Holder street and Lucile avenue. The writ was issued on a petition filed by Miss Mary McElroy and other adjoining property owners.

The petition sets out that Cox recently obtained a building permit to erect the stores, but alleges that in the original papers of sale of the property, it was provided that no stores should be built on the tract. The building erected within 30 feet of the street. The hearing for a permanent order is set for July 29. Hendrix & Buchanan, represents the petitioner.

## BRUNSWICK SEEKING STATE-OWNED WHARVES

Citizens of Brunswick have launched a fight to have that city designated as a point where state-owned terminals and wharves should be built under the provisions of the state bond issue, and in letters to members of the legislature made public Friday, have asked the legislature to refrain from taking action on the Savannah port bill until Brunswick has had an opportunity of presenting its claims.

The letter was addressed to all members of the legislature and copies were placed before the members Friday.

Following is the letter:

"We believe that Brunswick is the logical point at which should be located state-owned terminals, and our purpose in bringing this matter to your attention is because of the propaganda being broadcast, in which our port is entirely ignored."

"The deep water shipping facilities of a coast line, to be of use to the entire state and we deem it our duty, as citizens, to acquaint the representatives of Georgia's electorate, and through these representatives all the people of Georgia at large, with the many natural advantages of Brunswick's harbor, believing that this port offers superior advantages at a mere cost to the state of \$150,000."

"It is our belief that the development and use of this harbor will result in the creation of a new and important industry in the state, and we deem it our duty, as citizens, to acquaint the representatives of Georgia's electorate, and through these representatives all the people of Georgia at large, with the many natural advantages of Brunswick's harbor, believing that this port offers superior advantages at a mere cost to the state of \$150,000."

"It is our belief that the development and use of this harbor will result in the creation of a new and important industry in the state, and we deem it our duty, as citizens, to acquaint the representatives of Georgia's electorate, and through these representatives all the people of Georgia at large, with the many natural advantages of Brunswick's harbor, believing that this port offers superior advantages at a mere cost to the state of \$150,000."

Following is the letter:

"We believe that Brunswick is the logical point at which should be located state-owned terminals, and our purpose in bringing this matter to your attention is because of the propaganda being broadcast, in which our port is entirely ignored."

"The deep water shipping facilities of a coast line, to be of use to the entire state and we deem it our duty, as citizens, to acquaint the representatives of Georgia's electorate, and through these representatives all the people of Georgia at large, with the many natural advantages of Brunswick's harbor, believing that this port offers superior advantages at a mere cost to the state of \$150,000."

"It is our belief that the development and use of this harbor will result in the creation of a new and important industry in the state, and we deem it our duty, as citizens, to acquaint the representatives of Georgia's electorate, and through these representatives all the people of Georgia at large, with the many natural advantages of Brunswick's harbor, believing that this port offers superior advantages at a mere cost to the state of \$150,000."

Atlanta Elks have set a goal of \$150,000 for the convention entertainment fund.

# The Constitution's Novel-a-Week FALSE FACES

BY HUGH KAHLER

Next Week, "Snowdrift"  
By James B. Hendryx

(Continued from Yesterday)

"You surely don't object to my having regarded you as something other than a fugitive criminal, Mr. Thorne? I was trying to draw you off the track, I admit, but it was both easier and harder than it would have been if you had not turned out to be exceedingly different from what I imagined. The Tracker must be like I. I was sorry to play a shabby trick on you, and I was glad that the circumstances didn't make it necessary for me to feign friendliness toward a bloodthirsty, relentless brute who tracked human beings to the death for sheer love of the sport. Won't you shake hands and call it quits?"

"Feign friendliness"—that's what I meant," Thorne held his place. "It isn't necessary for you to do that any more, Miss Lawton. I don't have to be hoodwinked, now—"

"Oh, stop talking nonsense," she interrupted eagerly. "I wasn't pretending at all—about that. I was trying hard to keep from liking you all along. There. Let's be sensible. Dada has news for you."

"All in good time, Esther," cut in Lawton quickly. "It may be just as well for Thorne to stay in the dark about that, for a little. If he knows he'll have to act, and I've work to do first."

Thorne stared. The girl spoke quickly. "But he wouldn't have to act. He's out of the service—free to do as he likes. Tell him, Dada. It isn't fair to keep him in ignorance another minute, thinking you're a runaway murderer when you—"

A loud lifted suddenly from Thorne's mind. Even the discovery that Esther Lawton's friendliness had not been a sham had only deepened the shadow which hung over her in her father's guilt and peril! If, by some miracle, Lawton had not killed Parrot—

"Parrot's on board this boat, Thorne. I trailed him straight across the country and nearly lost him. I just did catch the steamer, finally. He doesn't know. He thinks he's shaken me off. And, tonight, he and I are going to have the talk I've been waiting for for six years. After that, if you want him, somebody else can take him back to Hamilton to answer for the murder of his valet, George Merrick. I caught him almost in the act. When I came into his room he was heading over Merrick's body; he must have killed him while you and I were downstairs. I thought I had him, when I cried out as I did. We were three stories up, and there was only one door to the room. But he dropped out of the window before I could wink. I was after him, like a shot, but he was too quick for me. He must have had a car waiting somewhere. I nearly lost him then, but I picked up the trail at the Hamilton station and hung to it all the rest of the way. Of course, I might have headed him off by telling what I knew, but that would not serve my purpose—and there was always the chance that the police would muddle things, and let him get clear away, if I let them get near me. I had to have him talk with me first; after that it doesn't matter what happens. As things stand, I've got the cards all in my hand. He's got to tell me what I want to know, now, because I can threaten him with the chair, and poor old Merrick is beyond his reach."

Thorne stared in a daze of bewildered relief. Lawton wasn't a murderer, after all; neither was a murderer's daughter! And the trivial detail of the escape from Hamilton and the remainder of a sentence for embezzlement still to be served, failed to lower his spirits. Those things could be arranged. He had a powerful weapon in his hands, at last—a club which could force the governor himself to be open to persuasion in the matter of a pardon.

"Shake hands on it," he said. And they did, all three. After which they discussed ways and means very earnestly indeed.

The gray-haired man in the lower berth looked up calmly as Daniel Law-

ton came into the stateroom. A faint smile crossed his lips, and the eyes which met Lawton's fearlessly were bright with malice.

"So you've put your head in the noose, after all, Lawton? I thought you would. Don't stir. I have you covered."

Lawton shrugged his shoulders and dropped easily on the cushioned locker that faced the berth. He laughed gently.

"I'm not armed, and I'm not here to kill you, Parrot. I'm offering you a chance at a bargain. Your life against a full and complete confession exonerating me in the embezzlement business—a confession that will hold water in Court, I mean, and—his voice hardened—"and the full truth about my daughter, Dora. Satisfy me on those points and I'll hold my tongue. Try to lie or evade, and I'll go to the captain with the whole story."

"And get yourself hanged for your pains," said Parrot, smoothly. "Or I believe it's electrocution, now. You fool, Lawton! Do you think you can browbeat me? I can prove my identity—prove it thoroughly. There has never been a time when I couldn't riddle any charge that I was Parrot. And you're wanted for the murder of Timothy Parrot. One word from you will put you in irons and start you back to Hamilton and the chair. You haven't any bargain to offer me."

Lawton laughed pleasantly. "You're pretty clever, Parrot, but you're not superhuman, and you've made two or three mistakes that you don't know about. The first one was trusting implicitly in your hold on poor Merrick. He kept us on your track right along, terrified as he was. He—"

"He's not likely to interfere any more, however," said Parrot comfortably. "I admit a certain want of discretion in my attitude toward him. But I fancy I have corrected that. You will find it very difficult to prove that the body found in my rooms at Hamilton was that of Merrick. I took some pains to prepare the setting by imitating his appearance as far as I could and having him stay out of sight until I was ready to act. Besides, the birth mark mark has been very convincing. The stupid brute downstairs will swear through thick and thin that he never saw me in his life, and that Merrick was the man who occupied the flat above him. There are several others equally certain about it—and you obliged me tremendously by coming in just when you did, and even more by calling out in that indiscreet fashion. I'm afraid you exaggerate my mistake there, Lawton."

"Perhaps. But you forget that before Merrick broke jail they had taken his Bertillon measurements and fingerprints, and it won't be hard to establish his identity when they know where to look. Also, if you reflect, you'll realize that Merrick was under arrest at the time you were very busy in Chicago, so that you won't be able to claim that he was Timothy Parrot. I don't think I'm overestimating that mistake, Parrot. But it doesn't matter. You've made some others."

Parrot's voice was still even and calm, but his eyes wandered and the pink of his face whitened perceptibly. "For instance, please?"

Lawton leaned toward him. "You've let fingerprints on four of the letters you sent to the police—and they've all been kept. It's a very simple matter to prove that you wrote them. I think you'll admit that that is really a serious one, Parrot."

"Perhaps. But not wholly conclusive evidence. I think I could evade that. There's a very clever detective at Pittland who has an idea that Timothy Parrot merely claimed credit for other men's crimes. I shall take the hint and plead equity to that folly. It is not punishable, you will find."

"Well see. I think I've made out cases. And now we'll come to the bargain again. I've had the confession drawn by some excellent lawyers, and it's ready to sign. But first I'll have the whole truth about Dora. Where is she, Parrot?"

Parrot laughed. "It won't work, Lawton. You don't interest me. I'm willing to hold my tongue and give you a chance for your life, but that's all. You can't bid high enough."

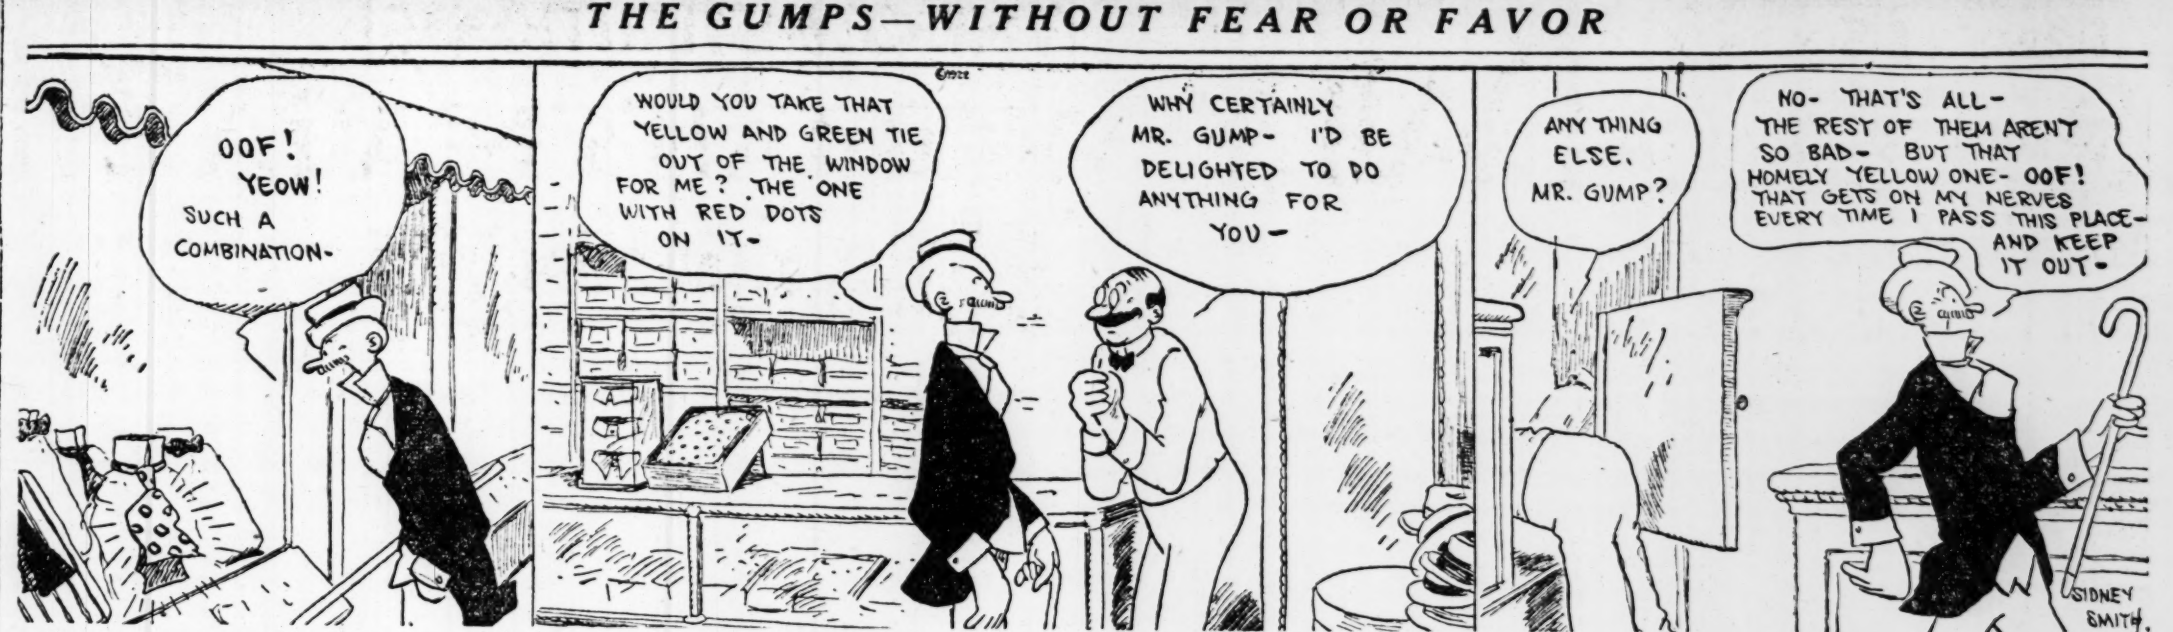

"No? Then listen to this: a man named J. B. Smith was killed while I was in Hamilton prison, by a partner of his who made his escape.

There was a tense pause. Then Parrot spoke in a harsh, strained whisper. "What do you offer?"

"Just what I said. My silence against your silence—and the confession and the story of Dora. Only you will have to confess the Hamilton murder, now. My price has gone up since I came in. I mean to be absolutely clear. Confess the whole plot, and I'll agree to say nothing about you to any one until the ship reaches port and for ten days afterward. Then I'll surrender and file the confessions and give my evidence. That's my best offer. I'll give you one minute to take it. After that I'll talk to the captain and take my own chances. Where's Dora, first of all?"

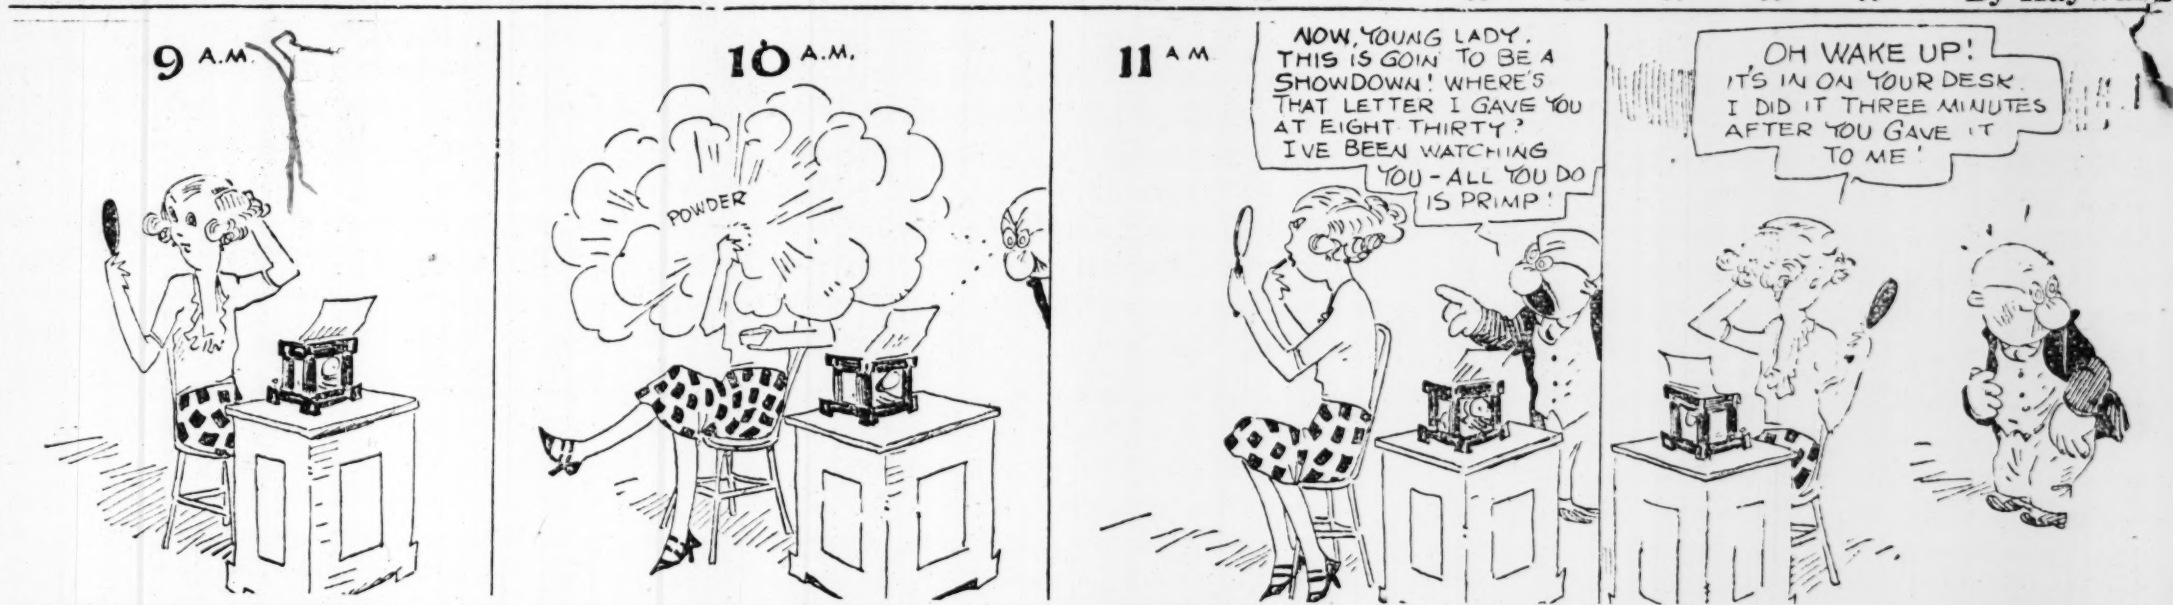

Dora died, long ago. I—I cared for her, Lawton. You don't think so, but that was real, that affair. Go to Helena, if you like, and look up the record in the hospital there. They'll tell you whether I suffered when she died. I loved her."

"That's enough," Lawton's voice shook a little. For years he had hoped that his daughter might have died, but the knowledge hurt him sorely, none the less. And he believed, in

Rawlings doesn't know that Smith, spite of his hate for the man who faced him, that he had heard the simple truth. "Now the confessions, if you please. I'll add to the one I've prepared, so that it'll cover the Hamilton affair, too."

## Mr. and Mrs. Phinizy, Jr., Are Honored at Reception

Athens, Ga., July 14.—An event of social brilliance Wednesday evening was the elaborate reception of which Mr. and Mrs. Charles Henry Phinizy entertained at their home on Milledge avenue, honoring Mr. and Mrs. Charles Henry Phinizy, Jr., of Augusta, whose marriage was one of the outstanding social events of June. The charming young bride was the beautiful Miss Mary Dorothy Palmer, of Washington, Ga., before her marriage.

**Handsome Decorations.** The handsome home and the spacious grounds were transformed into a radiant picture, with the brilliance of lights and wealth of gorgeous flowers forming the wonderful decorations.

The myriad of electric lights arranged in the beautiful trees gleamed and glittered against the rich setting of luxuriant foliage on either side of the broad walk leading to the indoor scene of unrivaled loveliness where the richly furnished rooms of the entire lower floor were thrown together making a picturesque setting of incomparable beauty. French baskets of red zinnias and great clusters of gladioli carrying the same color note outlined in the long hall, with pure white flowers and delicate pink blossoms giving additional charm to the drawing room. Shasta daisies reflected glints of gold and white in the long colonial mirror across the mantel, with tall silver vases of pink lilies on the cabinets and great baskets of pink gladioli outlining the window seats. The sun parlor was banked with handsome blue hydrangea blossoms and coral colored gladioli were used in profusion banking the two bookcases and mantel. The golden note was expressed in the lovely dining room where the round mahogany table was covered with an exquisite cloth of maderia and mound of yellow gladioli and white hydrangeas. Tall silver vases of canna's alternated with ancestral silver and gold plate on the mantel and buffet.

**Receiving Line.** In the receiving line with Mr. and Mrs. Phinizy were Mrs. William Wright and Mrs. Ransom Wright, of Atlanta, Miss Laura Anne Phinizy, and Mr. and Mrs. Phinizy, Jr.

Mrs. Phinizy was handsome wearing an exquisite imported gown of white tulle, elaborately embroidered in pearls and rhinestones, and a corsage of pink roses and valley lilies.

Mrs. Phinizy, Jr., was lovely wearing her wedding gown of white satin, with an overdrapery of crystal fringe and corsage of orchids and valley lilies.

Assisting in entertaining were Mr. and Mrs. Billups Phinizy, Barrett Phinizy, Mr. and Mrs. John J. Wilkins, Mr. and Mrs. A. B. Nicholson, Miss Frierson, Mr. and Mrs. Audley Morton, Mr. and Mrs. Frank Hardeman, Mr. and Mrs. Walter Bishop, Mr. and Mrs. Frank Lipscomb, Mrs. Hammond Johnson, Mr. and Mrs. John White Morton, Mr. and Mrs. Ben Crane, Mr. and Mrs. Cole Talmadge, Mr. and Mrs. E. B. Cohen, Mrs. Alice Hall, John Welch, Paul Conolly. Serving punch were Misses Louise Phinizy, Frances Rowe, Julia Bradshaw, Sarah Prior, Van Wilkins.—Athens Daily Herald, Athens, Ga.

## Mrs. Black, Hostess At Luncheon.

Mrs. Eugene R. Black, Sr., entertained the members of the Friday Morning Reading club at her home on Peachtree road.

Those present included Mesdames Robert Foreman, Robert F. Maddox, William H. Kiser, Joseph Orme, Linton Hopkins, Hunt Chipley, Hugh Loke, Samuel Evans, Samuel Porter, J. E. McAlley, Don Pardee, J. O. Wynn, Frank Inman, Hugh Dorsey, Frank Smith, George Weyman, Edgar Neely, Richard Johnstone, Hollis Handolph, Edward Brown, Alex Smith, Jr., and others.

Luncheon was served after the meeting.

**Benefit Card Party  
At Imperial Hotel.**

Beautiful prizes will be given at the card party at Imperial hotel to be given Saturday afternoon from 3 to 5. Tickets are 50 cents. Those making reservation for tables are requested to bring their cards.

This card party is given by a committee of ladies who are working to raise money to make much needed repairs of the convent building of the Sisters of Mercy, on Washington street.

Friends of the institution are invited. Call any of the committee to make reservations. There are a number of tables yet to be filled.

Mrs. Ferdinand W. Hinkle, chairman; Mrs. P. Bloomfield, Mrs. C. A. LaRue and Mrs. Fannie Williamson are on the committee.

## Miss Atkinson Hostess At House Party

Miss Palmer Atkinson was hostess at a delightful house party at her home, 84 Columbia avenue, which extended from Monday, July 10, to Thursday, July 20.

The guests of the house party were Misses Phoebe Rhett, Hazel Stamp, Pritchard Gayle, Marinetta Goldsmith and Eppie Dallas.

A series of delightful parties were given in honor of Miss Palmer and her guests.

Monday night, Mrs. Atkinson was hostess at an informal dance. The guests included the young ladies in whose honor it was given, and Miss Elizabeth Pappy, Ivan Allen, Ben Watkins, Weddington Kelly, Mac Hall, Billy Hunter, Boynton Cole, B. H. Saville and James Hunter.

Tuesday, Mr. Atkinson gave a matinee party at the Forsyth, and Tuesday night Mrs. Atkinson entertained her guests with a marshmallow toast.

Wednesday morning, Miss Palmer Dallas gave a movie party for the visitors, and Wednesday night they were entertained by Mrs. James Williams at supper-dance and swimming party.

**Children to See  
Famous Canine.**

Of interest to the hundreds of children who attend the boys' and girls' matinees at the Howard theater each week is the announcement that Jack Lewis, organist, will play any numbers that are called for either during the performance or ten or fifteen minutes prior to the opening hour, 10 o'clock. Mr. Lewis has arranged his program each week to include selections carrying particular appeal to children.

Since the announcement was made that the feature picture for this week would be "The Silent Call," much interest has been aroused, and the indications are that this will be one of the most popular programs yet presented.

"The Silent Call" was adapted for the screen by Jane Muffin from Hal G. Evert's story. The Cross film plot is centered upon Strongheart, whose strains of dog and wolf, fighting at cross purposes, present the dramatic theme to the story. This great dog is noted for his discipline he has been subjected to as a police dog and in military service.

"Hand to Mouth" is the title of the Harold Lloyd comedy, while the educational film is entitled "Mystrer Tracks," and shows Bob and Bill in the wilds.

The chapters for this occasion will be Mrs. W. P. Levent, Mrs. J. L. chaperone; Mrs. D. M. Terrell and Mrs. Paul Blaver.

The performances sponsored by the better films committee at the Alpha theater each Saturday morning are continuing to grow in popularity. "Captain Kidd," featuring Eddie Polo, is showing in a series of fifteen programs, each full of interest and highly entertaining.

**U. D. C. Benefit Bridge  
Thursday Morning.**

Thursday morning at 10:30 o'clock at the chapter house, 156 Juniper street, will be held the fifth in the series of benefit bridge parties given during the summer by Atlanta chapter, United Daughters of the Confederacy. Mrs. James A. Erwin is chairman for Thursday morning. The chapter house is made delightfully cool with electric fans and all members and friends of the chapter are invited to attend these parties. Tables are \$1 each. Players are requested to bring their cards. Delicious cakes and useful prizes will be given.

Those who have made reservations are Mrs. Charles T. Phillips, Mrs. Stafford Seidel, Mrs. Roy Calhoun, Mrs. W. C. King, Mrs. David Winburn, Mrs. A. O. Woodward, Mrs. Pink Cherry, Mrs. C. R. Cane, Mrs. J. H. Sanders, Mrs. W. E. Gaines, Mrs. Charles E. Shore, Mrs. Forrest Kibler, Mrs. W. E. Carnes, Mrs. Marian Harris, Mrs. Martha Ewin, Miss Turner, Miss Wilson, Mrs. James Callaway and Mrs. Clayton.

Mrs. Linton Tells How Helpful  
Lydia E. Pinkham's Vegetable  
Compound is at This Period

Denver, Colorado.—"I have taken Lydia E. Pinkham's Vegetable Compound for seven years and I cannot tell you the good it has done me. It is good for young and old and I always keep a bottle of it in the house, for I am at that time of life when it calls for Lydia E. Pinkham's help. My husband saw your ad. in the papers and said 'You have taken everything you can think of, now I want you to take Lydia E. Pinkham's Vegetable Compound.' So I let him get it, and I soon felt better, and he told me 'I want you to take about six bottles.' So I did and I keep house and do all my own work and work out by the day and feel fine now. I tell every one about the Vegetable Compound, for so many of my friends thought I wouldn't get well."—Mrs. R. J. LINTON, 1850 West 33d Avenue, Denver, Colorado.

After reading letters like the above, and we are constantly publishing them, why should any woman hesitate to take Lydia E. Pinkham's Vegetable Compound if she is in need of help? It brings relief where other medicines fail.

## Today's Calendar

### SOCIAL EVENTS

Dinner-dance at the Piedmont Driving club.

Dinner-dance at East Lake Country club.

A benefit card party will be given at Imperial hotel this afternoon, from 3 to 5, for a school.

### WOMEN'S MEETINGS

The regular monthly meeting of the Joseph Habersham chapter, D. A. R., will be held this afternoon, at 3 o'clock, in the chapter house, corner Piedmont avenue and Fifteenth street.

benefit, Mrs. Ferdinand Hinkle is chairman.

### SOCIAL ITEMS

Richard Kirk, of Tulane university, formerly of Georgia Tech, will visit in Atlanta next week.

Miss Evelyn Hardin left Saturday to visit Miss Frances Porter, of Rome. Miss Porter was the guest of Miss Hardin last month. A number of entertainments were given in her honor before she returned to her home last week-end.

Mr. and Mrs. S. C. Pelot, of 232 South Pryor street, have as their guests their daughter, Mrs. Charles West and children, of Chattanooga, and Mrs. J. N. B. Harman, of South Carolina.

Mrs. George Vandebilt entertained at a large reception in honor of the students of the Asheville summer schools, Thursday morning, July 13. Among those attending were Mrs. W. S. Stewart, Mrs. J. T. Lowe, of Atlanta; Misses Paine, of Oxford, Ga., and Miss Lillian Russell and Miss Park, of Hogsansville, Georgia.

Misses Minnie Mae McGarity, of Cordele, Ga., and Helen Elliott, of Hapeville, will spend the week-end with Mrs. W. T. Elliot.

Hal Harrison has returned from Asheville, N. C., where he has been recovering from an illness.

Mr. and Mrs. Charles E. Bell, of Washington, D. C., are stopping at the Winsor hotel for a week.

Mr. and Mrs. J. S. Spill, of Decatur, announce the birth of a daughter, Thursday, July 13.

Mr. and Mrs. Harry A. Pritchett have moved to Boston, where Mr. Pritchett will be connected with the Otis Elevator company.

Mrs. S. J. Akridge, Mr. and Mrs. T. Thompson and daughters, Tommy, Ione, Carroll and Mildred, motored to Clarksville last Saturday. Mr. Thompson returned Monday morning, but the rest of the party will spend several weeks in the mountains of north Georgia.

**Mrs. Dobbs, Hostess  
At Afternoon Tea.**

Mrs. J. H. Dobbs was hostess at tea at the Atlanta Woman's club Friday afternoon, in compliment to Misses Pearl and May Savell, of Jacksonville, the guests of Mrs. Frank Penny.

Mrs. Dobbs was assisted in receiving by Mrs. Frank Penny and Mrs. Walter Bedard. Tea was served in the art gallery, and punch was served, also, by Mrs. W. B. Griffith, and Mrs. J. K. Dobbs, of New York.

The decorations consisted of garden flowers, attractively arranged.

Miss Pearl Savell, one of the honor guests, is a member of the life-saving corps of the American Red Cross, and the arrangement of the tables in form of a cross was in compliment to her. The decorations further emphasized the idea. The centerpiece was formed of mirrors, as lakes, on which tiny swans and figures of bathing girls were placed. At each end of the table were large wicker dolls, holding baskets of life-saver mints. The place cards were dainty figures of diving girls.

The guests included the Misses Savell, Mrs. Frank Penny, Mrs. J. L. Wilkins, Mrs. W. L. Fain, Mrs. Gadsden Russell, Mrs. W. J. Thornton, Mrs. Vack Dobbs, Mrs. Fred Neely, Mrs. Gertrude Brandon, Mrs. Mattie Terrell, Miss Mathilda Skelton, Mrs. William B. Griffith, Mrs. J. K. Dobbs and Mrs. Walter Bedard.

**Meeting of McCollum  
Club Postponed.**

The regular meeting of the McCollum Club of Applied Psychology will not be held as usual on Monday evening, July 17, having been postponed until the following Monday at the usual time in honor of the New Thought congress, which will convene in Atlanta during next week.

**Mrs. West, Hostess  
At Matinee Party.**

Mrs. E. H. West entertained the New Era Study club at a matinee party at the Howard Wednesday.

Those present were Mrs. J. B. Brooks, Mrs. James D. Rhodes, Mrs. W. Asher, Mrs. T. C. Myers, Mrs. C. T. Dove, Mrs. G. Quillian, Mrs. R. J. Pritchett, Mrs. H. A. Pritchett, Mrs. S. C. Orr, Mrs. A. A. Braswell, Mrs. E. H. Hewitt and Mrs. E. H. West.

**Miss Haney Weds  
Mr. Spier.**

Mr. and Mrs. George F. Haney announced the marriage of their daughter, Mildred Katherine, to Joseph Bradford Spier. The marriage was quietly solemnized Sunday morning, July 9, at the parsonage of Whitehall Street Methodist church, Rev. J. F. Strickland officiating.

They will make their home at 680 Edgewood avenue.

## Stella Akin Is Honored By Business Women

Chattanooga, Tenn., July 14.—Mrs. Lena Lake Forrest, Detroit, Mich., will continue to head the National Federation of Business and Professional Women's Clubs for at least another year, having been re-elected by the fourth annual convention here this afternoon, without opposition.

Ida Anderson, of Indianapolis, Ind., was chosen to succeed Lola E. Kelly, of Denver, Colo., as first vice president; Stella Akin, a lawyer, of Savannah, Ga., was elected second vice president, and succeeds Alice Engelhardt, of Cincinnati. For recording secretary, Miss Ednor Coonrod, of Chattanooga, had no opposition. Fay Fitzpatrick, of Salina, Kans., was re-elected corresponding secretary. Paula Ladday, of Newark, N. J., was chosen to succeed herself as treasurer.

Discussion over resolutions and recommendations of committees continued all afternoon, and forced the convention into a night session.

Dr. Oris Hatcher of Richmond, Va., president of the Southern Education alliance, submitted a lengthy report outlining the educational program for the association in which she emphasizes as the most important purpose of the association the financial and moral aid to keep children in the high schools and to prevent them taking business courses until they had received a capable literary education.

Miss Elizabeth Scarce, chairman of the publicity committee of the national convention of business and professional women's federation of clubs and editor of The Independent Woman, of Chattanooga, had no opposition. She was given the honor of presenting the report of the association in which she emphasizes as the most important purpose of the association the financial and moral aid to keep children in the high schools and to prevent them taking business courses until they had received a capable literary education.

Mrs. Nathan Atkinson and children, who have been the guests of her sister, Mrs. Frank Kells Howell, of Atlanta, and will join his mother and sister later in the summer.

Miss Ann Spaulding left today for Louisville, Ky., where she will spend the summer months.

Miss Ruth Dodd leaves the last of the week for Wrightsville Beach for the remainder of the summer.

Miss Mary Read, of Atlanta, is the guest of Miss Gabriella Freeman in West Point.

Mrs. Nathan Atkinson and children, who have been the guests of her sister, Mrs. Frank Kells Howell, of Atlanta, and will join his mother and sister later in the summer.

Colonel Gilbert F. Woods, of Chicago, who during the world war served as chief of the real estate bureau of the war department, was in Atlanta this week, the guest of Mr. and Mrs. Charles Haden. Colonel Woods represented the government in locating camp Benning, near Columbus, Ga.

Purvis James Boatwright, of Augusta, will arrive today to spend the week-end with friends in the city en route to Albany, Ga.

Miss Louise South is visiting Mr. and Mrs. W. M. Wilkes in Charlotte, N. C.

Lewis Taylor left last night for a ten-day stay at Wrightsville Beach.

Mrs. J. M. Stephens is at the Georgia Terrace after a visit with Mrs. Morgan Gross and John Stephens, in Jacksonville.

Mrs. David Crockett, who spent June at Hendersonville, has left her two sons in camp, and has joined Mr. Crockett in New Orleans. She will spend the summer at Gulf resorts.

**Miss Carroll Weds  
Mr. Scogin.**

Mr. and Mrs. W. W. Carroll announce the marriage of their daughter.

## Woman's Club Teas Feature Friday's Calendar

Atlanta's busiest social center on Friday afternoons, the Atlanta Woman's club, with its happy custom of weekly teas, again assembled yesterday many parties, and visitors and brides were honor guests.

Baskets of gladioli and roses with growing ferns were a decorative setting for the tea tables.

Mrs. John Henry Dobbs entertained at tea in compliment to Misses Pearl and May Savell of Jacksonville, Fla., the guests of their sister, Mrs. Frank Penny.

Mrs. Bonita Crow entertained Mrs. J. J. McMillan, Mrs. Thomas Norman and Mrs. Davis at a bridge-tea.

Mrs. Howard McCutcheon, of Birmingham, Ala., and Miss Corinne Higgins, of Texarkana, Texas, the guests of Mrs. Walter Wilson.

Mrs. Homer Dawson and Mrs. Hugh Carmichael entertained Mrs. V. L. Master, of Louisville, Ky. The guests included Mrs. L. T. Pattillo, Mrs. E. A. Stevens, Mrs. J. J. Bennett, Mrs. Harrison and Mrs. Jackson.

Others entertaining were Mrs. W. J. Jenkins, Mrs. E. V. Carter, Mrs. C. C. Nichol, Mrs. George Adair and Mrs. W. A. Ballard.

Katie Lee, to Cecil Claudius Scogin, which took place Saturday, July 1, the Rev. L. O. Bricker officiating.

Immediately after the ceremony, Mr. and Mrs. Scogin left for an extended wedding trip along the east coast of Florida. Upon their return they will be at home to their friends at 411 Church street, East Point.

**Miss Sale Compliments  
Mr. Flanders With  
Informal Dance**

Miss Loraine Sale was hostess at a delightful informal dance, Friday evening, at the home of her parents, Mr. and Mrs. T. B. Sale, of Inman Park, in compliment to William Flanders of New York who is spending the summer in Atlanta.

The house was attractively decorated with bright garden flowers, carrying out the color scheme of pink and white.

Punch was served on the veranda and ice cream and cake were served later in the evening. Pink and white mints in dainty pink baskets surrounded the punch bowl.

Miss Sale wore a charming evening frock of black satin and black lace, trimmed with black sequins.

Miss Sale was assisted in receiving by her sisters-in-law, Mrs. B. C. Sale and Mrs. B. E. Sale. Mrs. B. C. Sale was gown in rose tulle, and Mrs. B. E. Sale wore a becoming dress of black satin combined with black lace.

An orchestra rendered delightful music.

Those present included Mr. and Mrs. B. E. Sale, Mr. and Mrs. B. C. Sale, Miss Sale, and Misses Catherine Campbell, Katherine Ellis, Naomi Walker, Sarah Slaughter, Dorothy Bartlett, Dorothy Hale, Florence Obar, Leonora Anderson, Sarah Higgins, Mr. and Mrs. Tom Witherington, Mr. and Mrs. C. G. Puleston, Mrs. Charles W. Stone and Billy Flanders, the honor guest, Allen Bartlett, Cecil Jones, Frank Ellis, John Stoner, Fred Sale, George Echols, Harold Sheffield, Rupert Evans, Fred Robinson, and J. B. Williamson.

**Miss Carroll Weds  
Mr. Scogin.**

Mr. and Mrs. W. W. Carroll announce the marriage of their daughter.

## Side Talks by Ruth Cameron

### DO JUDGE BY YOURSELF.

There was an old saying we used to use in the quarrels of our childhood. "Don't judge others by yourself." No, far from it. But far more accurate than judging by appearances. After you get to know a person so that you feel you can't find some times to discuss the misconceptions you had of each other before you became acquainted. Perhaps it's a little bit dangerous as a form of amusement for human vanities are, oh so easily hurt, but when did an underlying hint of danger make an amusement less entertaining?

### I Thought Her Haughty.

Anyhow that's what I did with a friend whom I have had for a few weeks as a friend. Before that we had had a most interesting and I think typical revelation.

Said I to her: "It seems awfully funny now, but all the time when I used to see you just to bow to I thought you were awfully haughty and exclusive. I thought you didn't care about knowing people."

Her eyes opened wide. "But isn't that the way I felt about you, that you were standoffish and self-sufficient."

"About me," I cried in astonishment. "But I always love to meet people I think they want to meet me."

"Well, so do I," she retorted, "but you didn't look as if you did want to meet me."

She thought I was standoffish and self-sufficient, while all the time I was only shy and waiting for her to make the first move. I thought her haughty and exclusive, while all the time she was only shy and waiting for me to make the first move. If each of us had looked into our own hearts we might have found the key to the other's state of mind and broken the deadlock long before.

And Both Were Shy! Shyness is one of the commonest of all qualities. The more I study people the more I come to that conclusion. Sometimes it masquerades as aloofness, again it hides itself under a

## LACE COVERED LACE IS THIS NEW FAD

One hears that lace wraps are being designed for wear over lace frocks to protect madame from the inclement weather. One marvels at such drastic steps being taken by modistes who are rarely accused of being sensible.

nervously, vivacious manner. And again and again we judge the masquerade instead of the real person, and judge falsely. In almost everyone is a strong strain of vanity and egotism. And intertwined with it, in almost everyone, is a strong strain of self-distrust and shyness. Try that key the next time the lock of a human heart baffles you and see whether it doesn't help.

## HOUSEHOLD SUGGESTIONS

**Window Plants.** Never water window plants unless the soil looks dry. Put enough water on them to wet the soil thoroughly. Too much water will sour the soil.

**Cretonne Covers.** When buying cretonne for the bedroom curtains, buy enough extra for bureau scarfs, which come as a welcome change in the summertime and do not soil readily.

**Stove Polish.** Mix your stove luster with turpentine and apply in the usual way. The turpentine will prevent rust and the combination will make the stove look like new.

**Prevents Sore Fingers.** If you expect to do a great deal of sewing or crocheting fortify yourself by placing court-plaster on the guiding finger while the constant prick of the needle comes.

**Hasty Meals.** Eating slowly should be taught to children from the start. During school days they get into the habit of eating hurriedly and this habit is likely to cause much illness in later life.

## The Housewife's Idea Box

To Soften Shoes that Have Been Hardened by Water. In the summertime children will often be caught in a shower and step into puddles, or they may wade into a brook with their shoes on. The leather will then become hardened. To make it pliable again, rub the shoes with kerosene. This will look like new.

**THE HOUSEWIFE.** (Copyright, 1922, for The Constitution.)

## The Constitution's Patterns

3995 3627 4018

**A PRETTY APRON MODEL.** 3995. Not only for "grown ups," but for little folks, too, has Fashion decreed that aprons are in vogue. This design makes a splendid play apron, in crash, calico, cretonne or cambric. Scalloped bands of organdy are used as trimming in this illustration, but one may have rick-rack or feather stitch braid, or piping in a contrasting color.

The pattern is cut in four sizes: 4, 6, 8 and 10 years. A 6-year size requires 11-8 yard of 27-inch material, or elbow length. A 10-year size requires 12-8 yard of 27-inch material, or elbow length. Pattern mailed to any address on receipt of 10 cents in silver or stamps.

**A PRETTY AND UNIQUE FROCK.** 4018. As a party frock in taffeta or crepe de chine, or for "summer wear" in crisp, cool organdy or Swiss, this style will be very pleasing. Yellow organdy with bindings of white and a bit of yellow embroidery could be chosen. Dignity or cross-bar muslin with hemstitching is pretty also. The pattern is cut in four sizes: 6, 8, 10 and 12 years. A 10-year size will require 3-3/4 yards of 32-inch material.

Pattern mailed to any address on receipt of 10 cents in silver or stamps.

**A VERY PLEASANT AND COMFORTABLE ONE-PIECE DRESS.** Pattern 3627 is here illustrated. It is cut in four sizes: 8, 10, 12 and 14 years. A 12-year size requires 3-1/4 yards of 36-inch material.

Gingham, chambray, calico, ratine, crash, pongee, shantung, serge and poplin could be used for this style. The sleeve may be finished in wrist or elbow length. A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps.

In ordering patterns, write name and address plainly on a sheet of paper. Order by number and inclose price in silver or stamps. Do not mail letters to The Constitution building in Atlanta, but address it as follows: Fashion Department, The Atlanta Constitution, 1188-89 Fulton Street, Brooklyn, N. Y.

out today, however, that the expenditure of \$240,000 on the cofferdam would not affect Mr. Ford's proposal.

**Naval Lieutenant Revolver Hand Good At This Poker Game**

Pensacola, July 14.—A capias was issued yesterday for the arrest of Lieutenant Guy McLaughlin, attached to the naval air station here, on a charge growing out of his alleged holdup of a poker game several days ago.

McLaughlin is being held at the naval reservation pending the result of an investigation. It was said and would not be turned over to civil authorities until it was concluded. It is charged that McLaughlin, after losing a considerable amount of money in a poker game, withdrew and later returned with a revolver in each hand and demanded that the players return his money. He is said to have been accompanied by a sergeant at the reservation.

**CLAIMS BIG SAVINGS IN WAR DEPARTMENT**

Washington, July 14.—Secretary Weeks has compiled a table showing that the war department books for the last fiscal year show prospective savings to the department for that period of approximately \$75,000,000 of which \$35,000,000 represents projects which were postponed to a later date and \$40,000,000 funds which will be returned to the unappropriated balance in the treasury. In July, 1921, the war department reported a probable savings of \$27,750,000, as indicated for the fiscal year 1922.

**GOOD POSITIONS! GOOD WAGES!**

## THERE MUST BE FUR OR GOOD IMITATIONS

"Fur or nothing must trim the fall tailor," says one designer. "Fur or something—(else just as smart)" says another as she busily clip clips, snip snips strips of fabric which when applied to a suit of matching material will have every appearance of being fur.

## HOW TO SAVE WHEN SHOPPING

By Ruth Leph

Author of "The Human Side of Retail Selling," "The A B C of Retailing," Etc.

To recognize good woollens today the tests are so simple and sure that there is really no excuse for our getting anything but the purest materials. You test woolen by raveling out and burning. Untwist a raveled thread. Fibers would be even, moderate length show pure wool. If there are a few fibers with clots all along them, the cloth is mostly shoddy—that is to say, old wool ground up and mixed with a little new before spinning. After treatment makes it look well, but there is not always good wool.

Snap a raveling between the hands—the harder the breaking the better the goods. Snork a few threads in a little alcohol. This is to test the color. A tinge in the alcohol is to be expected, but if it becomes deep colored, and especially if it becomes muddy, the dyeing is bad. Cotton mix before spinning betrays itself in a burning.

Light a few threads or a snipp—the smell will tell the truth. Pure wool will give forth what is known as an animal odor; it burns slowly and evenly. Here is another test: bite a piece of wool; if it is pure, it has a gritty, unpleasant taste.

As vegetables constitute a great part of our diet at this time of year, we had a Monday talk on buying them. (Copyright, 1922, for The Constitution.)

## MISSIONARIES TELL OF KIANGSI HORROR

Shanghai, China, June 21.—(Correspondence of the Associated Press.) Missionaries and others in touch with the recent uprising of mutinous troops in Kiangsi province declare that the full extent of this horror may never be known.

A score of community centers were laid waste and thousands of innocent inhabitants were slaughtered ruthlessly. No foreigners, however, were killed.

The words "bandit" and "soldier" virtually are synonymous in many parts of China and the people of the country long ago became accustomed to uprisings of a similar nature; but the Kiangsi outbreak, in the unrestrained looting of evil forces and the wanton slaughter and destruction, is said to surpass anything of like nature in the past decade.

The mutiny started among troops sent by General Wu Pei-fu to block Sun Yat Sen's advance into Kiangsi. These forces, under Tsai Chen-Hsun, met defeat at the hands of Sun's southerners, and in their retreat a few got out of hand.

The fever of revolt spread quickly, until between 10,000 and 15,000 men were involved. Some of the detachments shot their leaders who tried to keep them in check.

The mutineers swept over the country, looting, burning and killing, devastating towns and rural communities alike. The city of Kiangsi was almost entirely wiped out and many hundreds of its inhabitants slain.

The principal centers destroyed were the cities of Kiangsi, Nanchang, Lungchuan and Taiho, while upward of 20 smaller communities also were damaged or wiped out.

## POSTOFFICE CLERKS GET HALF-HOLIDAYS

Washington, July 14.—Clerks employed in postoffices throughout the United States will during the remainder of the summer season be permitted to enjoy a half-holiday each Saturday, providing the work assigned to them has been completed by noon on that day, under an order issued today by First Assistant Postmaster General Bartlett.

## FOUR DIE IN WRECK AT PARIS STATION

Paris, July 14.—(By the Associated Press.)—Four persons were killed and more than 50 injured this evening when a passenger train derailed, the tracks as it was entering the Gare du Nord, and smashed into the stone wall which lines the approaches to the station.

## DRESS BY ANNE RITTENHOUSE

When Blue and Yellow Are Combined in a Hat It Brings the World Back to the Fashion of the American Revolution. Milliners Find It Attractive to the Majority of Faces and a Pleasant Combination to Wear in Hot Weather.

The continentals in their ragged regiments showed shreds and patches of yellow and blue. Even General Washington wore the colors. Today they reappear in women's apparel as light-heartedly as though they had no relation to the serious days of the early American war.

A hat with these colors is shown in the sketch. It is of blue straw, with a slightly rolled brim, faced with yellow taffeta, at one side is a bunch of blue and yellow cocks feathers. There are sunshade hats of yellow straw faced with blue crepe or organdie, and there are yellow organdie hats trimmed with green flowers. In the many combinations of these colors, one gets the idea that yellow is preferred and blue is used as background.

It is not a season for blue. Any other color is preferred, even black; one rarely sees a hat in the old reliable shade, for the reason that it does not suit the majority of summer clothes.

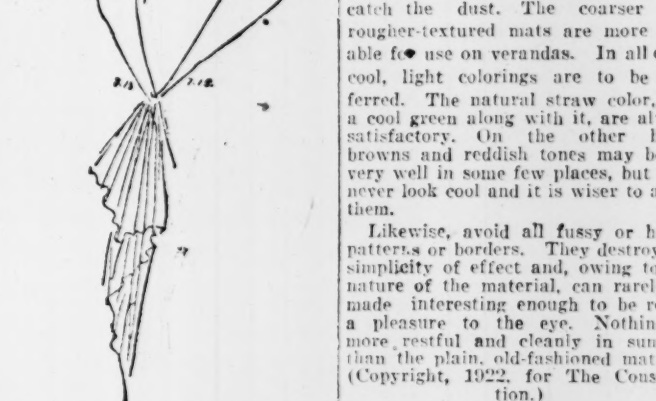

Since the red hat finished its violent run in fashionable society and its following, there has been a return to hats in dark, sombre colors, especially in black; influenced on the wave of this revival was the blue hat which was not too deep in coloring to lose its sparkle. It is worn with yellow gowns or white ones. It is a relief from the plain black hats to which women have been so faithful for so many years, that one forget how well milliners could combine colors. They had little chance to express themselves.

The shaping of the seasonal hats is not according to schedule. No one form rises above the other. The

When grass and straw matting is in the greatest variety of color, pattern and texture are to be had for reasonable prices, and are particularly suitable for summer use. They come in breadths to be tacked down like carpets and also in the form of rugs and mats in any size or shape desired.

As the chief object in using matting is to secure coolness, simplicity and ease of cleaning, it is best to choose for the house close-woven material of smooth texture that will not catch the dust. The coarser and rougher-textured mats are more suitable for use on verandas. In all cases cool, light colorings are to be preferred. The natural straw color, and a cool green along with it, are always satisfactory. On the other hand, browns and reddish tones may be all very well in some few places, but they never look cool and it is wiser to avoid them.

Likewise, avoid all fuzzy or heavy patterns or borders. They destroy the simplicity of effect and, owing to the nature of the material, can rarely be made interesting enough to be really a pleasure to the eye. Nothing is more restful and cleanly in summer than the plain, old-fashioned matting. (Copyright, 1922, for The Constitution.)

Small blue straw hat faced with lemon-colored taffeta. Cock feathers are placed in a pom-pom at one side.

In the sketch is well known and well approved, but it does not rule the hour. Here are the fundamentals in prevailing hats: One is well assured of being in fashion if the crown is high and large, if it has breadth at the side, if the brim does not tilt downward but pretends to roll upward, and if it is shorter at back than sides. It usually covers the subject to say that trimming bursts out rocket-like from one side of the crown and hangs over the brim.

There are newer ideas than these, it is true. One is the use of soft felt or suede as a new crown band with two loops that make no pretense of observing the prevailing fashion, for they do not go over the brim; they shoot into the air before they reach it. Ostrich feathers are not used, but cock's feathers are. Flat flowers are preferred.

## JUST RECEIVED

Another big shipment of those splendid U. S. Navy Bedspreads, Sheets, Pillow Cases, Blankets and Towels.

They are offered for Saturday and Monday only at the ridiculously low prices shown below.

Here is a great money-saving opportunity for homes, boarding houses and hotels.

U. S. Navy Bedspreads <b>59c</b>	U. S. Navy Sheets <b>30c</b>	U. S. Army O. D. Blankets <b>Special \$2.79</b>
-------------------------------------	---------------------------------	--

Various weights and sizes. All high-grade government quality and worth five times this price. Come early and secure the choice patterns. Never again will you have such an opportunity.

These Sheets are the best quality the government bought. We have thousands, but they will move quickly at this price.

This blanket could not be replaced in our stock for \$3.00. That means that you will have to pay more for them when this supply is gone. Get yours today.

U. S. Army Hospital Towels <b>13c Each</b>	U. S. Army Pillows <b>75c, 50c and 35c</b>	SPECIALS
---	---	----------

These towels were made for use in the U. S. Army Hospital corps; this one fact is an assurance that they are made of best material. Our supply on this is somewhat limited and we advise that you come early in order to take advantage of this extremely low price.

Some slightly soiled, but good as new.

Every tourist, camper and housekeeper needs one of these cookers.

Saves 80 per cent. of your gas or fuel bill and 20 per cent. of your meat bill by preventing shrinkage in cooking.

This cooker was made for use by the U. S. Army and is far more efficient than the civilian kind.

4 Solid Carloads of Genuine U. S. Army Garbage Cans  
**\$3.95**

Extra Quality. Extra Size. A rare bargain at these with ordinary light-weight cans which are usually so bent and broken after a few months' use that they have to be discarded.

Fireless Cooker  
**\$3.95**

Does the work of a \$50.00 cooker.

U. S. A. Aluminum Boilers \$1.95

U. S. A. Milk Cans, 5 gallons 95c

U. S. A. QMC Boilers \$1.00

## South Atlantic League

**Charlotte Wins.**  
Charlotte, N. C., July 14.—Charlotte won the second game from the Tigers today, 3 to 2, with Rube Wilson pitching the greatest ball of his career. Fast fielding featured for both clubs.

**Score by innings:**  
R. H. E.  
Augusta ..... 101 000 000—2 6 0  
Charlotte ..... 201 000 000—3 8 1  
Batteries—Tengen and Cady; Wilson and Wendell.

**Divide Double Bill.**  
Spartanburg, S. C., July 14.—Spartanburg and Charleston divided a double-header this afternoon, the Palms winning the first game, 8 to 2, and the Spartans the nightcap, 4 to 2. Cy Morgan, from the Texas league, pitched his first game for Charleston, allowed but four hits, while Daniels was hit hard in the first game. Reynolds pitched hitless ball for Spartanburg in the second game until the sixth frame. **Scores:**  
First game: R. H. E.  
Charleston ..... 004 001 012—8 15 0  
Spartanburg ..... 002 000 000—2 4 2  
Batteries—Morgan and Benton; Daniels and Marshall.

**Second game:** R. H. E.  
Charleston ..... 000 001 1—2 4 0  
Spartanburg ..... 001 000 010—4 5 2  
Batteries—Lucas, Kiefer and Benton; Reynolds and Weissmeier.

**Columbia Wins.**  
Greenville, S. C., July 14.—Rock's Gamers reversed the count on the Spartans here this afternoon and returned to 7 to 4 victory. The Columbia team battered three Greenville pitchers for a total of 13 hits.

**Score by innings:** R. H. E.  
Columbia ..... 003 002 110—7 13 0  
Greenville ..... 200 100 010—4 5 2  
Batteries—Clarkson and Warwick; Surratt, Yeargin, Scott and Rhame.

**Gray Sox Play Today.**  
The Atlanta Gray Sox one of the fastest of the local colored baseball teams opens a four-game series with the Chattanooga Tigers this afternoon, on Morris Brown campus. All the games will be called at 3:30 o'clock. The second, third and fourth games of the series will be played Monday, Tuesday and Wednesday. An admission of 25 cents will be charged and special sections have been reserved for white patrons.

## FINALS TODAY IN AWG MEET

The finals in the woman's invitation golf tournament will be played at the Capital City club this morning. Mrs. Dozier Lowndes will meet Mrs. Tom Paine in the finals of the first flight. In the baby flight, Miss Douglas Paine plays Mrs. John Summerville. This tournament has been highly successful and the members of the Atlanta Women's Golf association are looking forward to other meets at other local golf clubs, it being the policy of the A. W. G. A. to play at least one tournament per month.

The A. W. G. A. was organized to stimulate and keep up interest among local women in tournament golf and the practice that members had in this local tournament was productive of fine results in the southern woman's tournament held at Birmingham this spring.

## TOURNEY AT DRUID HILLS

The complete list of prizes for the big charity flag golf tournament to be held at Druid Hills this afternoon, has been announced by Mrs. Dudley Cowles, chairman of publicity. The proceeds of the tournament is to go to the Home for Incapacitated, and the entrance fee \$1.50 will go toward buying essentials for the inmates of this worthy institution.

The first prize is two dozen golf balls, Harry Stearnes and Joe Rhodes each donating one dozen. The second prize is a pair of golf trousers donated by the Home for Incapacitated, and the third prize a million put up by the W. H. Perrin company.

A second flag tournament at East Lake is also announced by Mrs. Cowles to take place on July 23.

The real purpose of the tournament at Druid Hills, today is to purchase a dental chair for the home. Many of the inmates are too feeble to get out to have their dental work done and this need has been long felt. Mrs. Cowles stated that she had no doubt but that sufficient funds would be realized on the tournament today to purchase the chair.

## NATIONAL LEAGUE

**Cards Beat Phillies.**  
St. Louis, July 14.—Seven runs scored in the seventh inning today gave the Cardinals a 9 to 5 victory in the final game of the series with Philadelphia. Roger Hornsby opened this inning with a home run. It was his twenty-fourth of the season and tied the modern National league record. Hornsby's drive came off Hubbell, who was out of the game. The victory puts the Cardinals within two and a half games of first place.

**AFTER READING** of and about golf for the last several days, about the long drives, the great approaches to the green, the extraordinary putting and the extraordinary putting and the kind that comes from worry and wishing for the best.

President Spiller has this look—and it is not becoming any other in his poundage—nor is it right that he should be forced to carry this continual bad news look on his once smiling countenance. But to a man whose whole soul is set on turning out a winner—and one who is willing to pay any amount of money for ball things, we were a little rough green as the par figures for the hole—which most usually threw us about two over par.

**WHEN LIGHTNING** hit the flag pole at the Polo Grounds during the Yanks-Browns series, that is one of the most crucial "crociol" series that the fans have heard of in this baseball season—and considering what had happened to the Yankees last year, there should be a wonderful improvement for the better almost immediately. No more playing the game as we have seen in the stock markets, no more razzing umpires or any other of these crimes—that is unless—something.

**JOCK HUTCHISON'S** pick for his own personal score during the open at Skokie, when he said that he would take four 72s and sit in the clubhouse, looks to be about the proper dose. Two hundred and twenty-eight would suit us to a "T" but just to be a little different and in order to qualify for the Yanks have been, there should be a wonderful improvement for the better almost immediately. No more playing the game as we have seen in the stock markets, no more razzing umpires or any other of these crimes—that is unless—something.

**IT'S A SHAME** that polo is about the only game that's left to stir up that time and upbuilding international feeling of rivalry. When Lenglen galloped Mallory into a complex of a dead end, it was a decisive win—international tennis seemed to pale, or something. It lost its kick.

**AFTER TALKING** with several men who are more or less interested in race horses of the running series, most of them congratulate themselves that the race horses that fell dead in his tracks at the Empire track on Thursday was not running in one of the regular races. These birds are the most peace-loving of the race horses, but they are not so peace-loving as they are when they are in the race. They are not so peace-loving as they are when they are in the race.

**THERE IS A SORT** of an air hovering over Ponce de Leon these days that makes the cash customer feel that he is about to receive some bad news. The faces of the attendants at the race track are not so smiling as they were when they were in the race. They are not so smiling as they were when they were in the race.

**Cooper Allows 3 Hits.**  
Pittsburg, Pa., July 14.—Cooper was in rare form today and held Boston to three hits, while the Pirates took advantage of the weakness of the Boston pitchers and won 6 to 1.

## MURPHY WINS TWO EVENTS

Toledo, July 14.—(By the Associated Press.)—Today's Grand Circuit meeting was marred by a near-scandal.

In the second heat of the Fort Miami stake the favorite, Prince Loree, poorly driven for the first half, for the second time, came from behind and apparently won from Prince Etowah in a tight finish. The judges passed Prince Etowah first and Prince Loree second.

The spectators protested and McDevitt, driver of Prince Loree, climbed into the judges' stand and talked to the crowd.

When the race was over the Toledo Driving club announced that all auction pools and result book tickets sold on the race were declared off and the money refunded, and that all mutual money bet on the second heat would be refunded. Presiding Judge Joe McGraw, Washington, Pa., and Associate Judges Chesterstands, Columbus, Ohio, and L. C. Webb, Mason, Mich., resigned.

"We do not think the judges were right," said Secretary Bryce, of the driving club.

**Murphy Wins Two.**  
It was Tommy Murphy afternoon, the longhairs driver winning the Fort Miami stake with Etowah and the free-for-all race with Roy Grattan after Single G. had been drawn off owing to lameness. Roy Grattan paced the first heat in 2:02 1/4, the fastest mile this year.

The Crescens, for two-year-old trotters, was won by Jane Revere in straight heats, second mile in 2:11 1/4. The 2:12 pace, with eleven starters, was won by Minnie Williams, with Minerva Gentry second.

Lee Todd, driven by Cox, won the 2:20 trot, after finishing eleventh in the first heat because of a bad break.

**Free-for-all pace, 2 in 3 heats, purse \$1,200:** Roy Grattan, b. g., by Grattan Royal (Murphy), 1. 1; Johnny Quirk, ch. z., by Hedgewood Boy (Egan), 4. 2; Roger C., ch. z., by Major C. (Ersline), 2. 5; Hal Mahone, b. g., by Prince Argot (Childs), 3. 4; Jimmie McKerron, b. g., by Jack McKerron Ray, 5. 3. Time, 2:02 1/4, 2:03.

**Fort Miami, 2:08 trot, three heats, value \$3,000:** Princess Etowah, b. m., by Etowah (Murphy), 1. 1; 2; Prince Loree, b. z., by Guy Arworthy (White), 3. 2; 1; Just David, b. g., by Northern Man (Valentine), 2. 6; 3; Walter Sterling, b. g., by Peter Volo (Stokes), 4. 4; 3; King Watts, Voltage and David Arworthy also started. Time, 2:06 1/4, 2:05 1/4, 2:07 1/4.

The Crescens, two-year-old trot, two in three heats, purse \$1,000: Jane Revere, b. z., by Guy Arworthy (White), 1. 1; Gulf Breeze, b. f., by Silkie (Thomas), 3. 2; Melinda, b. f., by Peter the Great (Cox), 2. 3; The Senator, ch. c., by Peter the Great (McDonald), 4. 4; Crawford, b. c., by Bolwin (Edmond), 5. drawn. Probable also started. Time 2:13 1/4, 2:11 1/4.

**AMATEURS**  
The Sunday School league baseball schedule will again produce a number of good games today, when most of the teams will be in action. Good games are on the card in all leagues and it would not be surprising to see

some of the better teams fall a few notches.  
The National league schedule will be as follows:  
Pep Class vs. Wesley Mem., Grant Park, 2 p.m.  
Agua Feds vs. Grant Park Meth., Grant Park, 4:15 p.m.  
Central Baptists vs. Belwood Baptists, Howell Mill road, 4:15.  
**American League.**  
Gordon Street Pres. vs. Druid Hills Baptists, Southwest Piedmont, 2 p.m.

West End Pres. vs. Harris Street Pres., Southwest Piedmont, 4:15.  
Cap. View Baptists vs. First Pres., Howell Mill road, 2 p.m.  
**Atlanta League**  
F. E. F. Class vs. St. Mark's Meth., Northwest Piedmont, 4 o'clock.  
All games must be at Central Y. M. C. A., no later than 7 o'clock.

There are 8,000 verbs in the English language, 2,000 of which are classed as irregular.

## Bobby Jones Leads Amateurs Four Strokes Behind Leader, Melhorn Takes 2d Place

Walter Hagen, British Open Title Holder, Does Some Wild Shooting, But Scores 145 for the Opening Day.

By Alexander F. Jones.

Stoke Country Club, Glencoe, Ill., July 14.—Who is John Black?

Ten thousand bewildered and unbelieving galleries were asking this question here Friday when at the end of the first day competition in the open championship tournament the blackboard read that John Black, professional at the Claremont Country club, Oakland, Cal., had rung up a 142, and was leading the classic field of golfers that America has ever seen on one course.

They had seen champions play brilliantly and then flounder about in almost amateurish fashion. But the thousands had followed the big names, running like rabbits over the Skokie course under a blazing sun, to watch every drive, every approach, every putt.

And when they returned they found that somebody named Black, unheralded to most, playing with his partner and to practically no gallery, had exhibited the finest golf of the day. It was a day of open thoroughness.

Bill Melhorn, Shreveport, was second, with 144.

Walter Hagen, by virtue of a brilliant 68 in his first round, was third, with 145—but Hagen, too, had his bumps, and took an inglorious 40 on the first nine of his second round.

Gene Sarazen, Pittsburgh, tied with Hagen for fourth with 145.

Hagen and Jones.

Hagen played with Bobby Jones, who was fifth at the end of the day, with 146. The greatest crowd ever seen in a championship gallery followed this pair, in the early round Hagen was the great Hagen, but with Bobby following, with a 74 card. But in the last round, the Atlanta star, playing superb golf, led his partner home with a 72 while Hagen was taking 78.

Even with a 72 Bobby was unlucky—luckily, he was through the afternoon he was pushing birds and not getting them often enough. Par was easy, and with a little luck he would have won with a better score. It was a stroke of confident, unhesitating Bobby Jones here Friday.

Right on Jones' heels came another dark horse—Lloyd Gullickson, of DeKalb, Ill., amateur, who, with 77-70, brought in a 147.

Then came Chick Evans, Chicago, another amateur, who, with his partner, beat around the course, and nearly all of the big fellows, had one hand round—the third nine, where he took a 33. Mike Brady, Detroit, was in the same class, with 78-70.

Now comes the bad news—Jim Barnes, the champion—until Saturday, at least; George Duncan, the British star; Johnnie Farrell, Quaker Hides, N. Y.; and Bob McDonald, metropolitan champion, took 149, seven strokes behind unknown John Black of California. And bringing up the rear of the group, and near greats, were Jack Hutchinson, with 152, and Al Mitchell, the super-driver, with 153.

There is a sad tale: a tale of woody driving, pulled approaches and faulty putting. Hutchinson took a 42 on his first nine of the day, and his followers went silent, to study places and wrapt bitterly. Al Mitchell was a long driver Friday. But he had a hard time keeping his drives in the park.

Hagen and Jones were on the greens. Hagen was had on all speaking terms with the sirens, tanks and bunkers that surround the Skokie marshes, at different times throughout the day.

But Black—who is this bird?

Who John Black is.

John Black is a caddy for Harry Vardon in 1906, in Dron, Scotland, and he came to America in 1906 and went to work as a carpenter so he and his wife and children could eat. He was a "sick" and caddy for the last man to enter. And he has played five rounds on this course and the highest has been 73. His card Friday was a marvel of consistency. He never had a long putt all day for the simple reason that he was too close to the pin to have to.

Sinks Long Pith.

His one spectacular hole was the 340-yard 15th. Here he drove 300 yards into a sand pit and then very calmly took a mashie-niblick and pitched the blooming ball into the cup for an eagle.

"It was just ordinary golf," said Black. "I'll do the same thing tomorrow and if the other boys don't hurry there is going to be a new champion."

That's what "the boys" are afraid of. Galleries don't like Black. Black is 54 years old and a bunch of sick golfers in this tournament who wish he would eat another mess of sick crabs.

Despite the brilliant 70 Lloyd Gullickson had in the second, Bobby Jones was the greatest performer of the amateurs. The way he played the 15th and 16th holes in the second round forced even Walter Hagen unemotional "money player" to stop and applaud.

He was in a trap on his approach on the 15th and with a marvelous niblick pithed the ball to the pin for an easy birdie three. Just to show that he could do it again he slapped a 300-yard drive down the fairway and on the 16th pitched to within 15 feet of the pin and sunk the putt for another birdie three.

Jones (in)

Hagen (in)

Jones (in)

Hagen (in)

ston match will long be remembered as one of the wildest driving affairs ever seen on a golf course. Johnston outdrew Mitchell consistently, but neither of them were often on the fairways.

Bill Melhorn, Shreveport, who broke the course record with a 66 in practice proved it wasn't a fluke when he took 64 in the first round, another tale of consistent, steady golf wherein the little ball fell just where it should all day. So it was with Gene Sarazen.

At the end of the day Willie Hunter, former British champion staggered in with his second 75, making his score read 150 and also making it certain he will not be overburdened carrying expensive plate away from Glencoe, Ill.

HOW LEADERS FINISHED.

Glencoe, Ill., July 14.—(By the Associated Press.)—Leaders in the national open championship at the end of the first 36-holes finished in the following order:

John Black, Oakland, Cal., 71-71—142.

William Melhorn, Shreveport, La., 73-71—144.

Gene Sarazen, Pittsburgh, 72-73—145.

Walter Hagen, Detroit, 68-77—145.

(x) Bobby Jones, Atlanta, 74-72—146.

Lloyd Gullickson, DeKalb, Ill., 77-70—147.

(x) Chick Evans, Chicago, 72-70—148.

Laurie Ayton, Chicago, 72-76—148.

Mike Brady, Detroit, 73-75—148.

James Barnes, New York, 74-75—149.

Bob MacDonald, Chicago, 73-76—149.

John Farrell, New York, 73-76—149.

George Duncan, England, 76-73—149.

(x) Willie Hunter, England, 75-75—150.

F. K. Decker, New York, 74-76—150.

John Golden, New York, 73-77—150.

Emmett French, Youngstown, Ohio, 76-74—150.

(x) Fred C. Jones, Chicago, 80-81—151.

(x) Charles Thum, Schenectady, N. Y., 77-79—151.

(x) Jessie Guilford, Boston, 77-74—151.

(x) Eddie Lusk, Chicago, 78-74—151.

(x) Eugene Lusk, Cincinnati, 81-84—155.

(x) Nasholt, Lima, Ohio, 82-74—155.

Henry Bolesta, Palmetto, Fla., 76-83—159.

(x) Frank McNamara, Orange, Fla., 77-82—159.

(x) George Martin, Santa Barbara, Cal., 76-80—156.

M. Creavey, Kansas City, 76-79—157.

Dewey Weber, Chicago, 77-80—157.

## SOUTHERN ASSOCIATION

Fels Win.

Chattanooga, Tenn., July 14.—Timely hitting enabled New Orleans to take two games from Chattanooga today, 6 to 3 and 5 to 2, in spite of wildness on the part of New Orleans pitchers. The home hitters were unable to hit in the pinches, and the visiting fielders played fast baseball, without error in the two games.

## 'KID' STARTED BARON SLUMP

Birmingham, Ala., July 14.—(Special.)—Smutter's Barons opened a three-game series in Little Rock Thursday following a successful invasion of the Vols' ballfield. It took the Barons eleven innings to make it a series from the Doyleys and their first road series since May 23, the date the local hirings wound up a successful stay in Chattanooga.

It was over in Little Rock during the latter part of May that the Barons machine blew up with a loud report. The Barons went into Little Rock going like a house afire with eleven straight victories to their credit. They were taking the twelfth when, with two down in the ninth, Stuffy Stewart made a wild peg to second, the low throw letting in the tying run. From that play to the present moment the Barons have never looked like the same team that had made it push the league leaders.

The misce took the bar's title as trans-Mississippi champion on one lone hit for eight innings. Eberhard has not turned in a victory since, while the whole club has been in a rut. They were taking the twelfth when, with two down in the ninth, Stuffy Stewart made a wild peg to second, the low throw letting in the tying run. From that play to the present moment the Barons have never looked like the same team that had made it push the league leaders.

## AMERICAN LEAGUE

Yanks Win 4-0.

New York, July 14.—New York defeated Urban Shocker for the second time in the series today and made it two out of three from St. Louis, 4 to 0. Shocker made a great hit, by striking out Sisler and Williams in the ninth. The Yankees bunched five hits for four runs in the fourth inning.

## After Sharp Rallies, Cotton Prices Break; European Situation Cause

New York, July 14.—An opening decline in the cotton market was followed by rather sharp rallies on bullish crop advices. After selling up from 22.43 to 22.80 for October the market broke again under realizing or liquidation with that delivery closing at 22.46. The general market closed easy at a net decline of 19 to 27 points.

An opening decline of 15 to 19 points was attributed to renewed nervousness over European affairs, easier Liverpool cables and a somewhat less favorable view of domestic labor conditions.

There were many orders for execution on the scale-down and early offerings seemed to be absorbed on a decline to 22.38 for December and 21.97 for January, or about 25 points below yesterday's closing. The market rallied on general buying, which was doubtless encouraged by the fact that the average of crop advices and apprehensions that eastern belt rains would increase both the yield and price.

There was also bullish comment on the report of the census bureau showing domestic consumption of 507,869 bales for June against 461,917 for the same month last year and for a time the market showed considerable length. Recent buyers sold up to 22.65 and January to 22.30, or 10 points higher, but these seemed to bring out realizing and liquidation by recent buyers, and a sharp decline followed with selling considerable cotton in the late trading. Prices broke sharply under this pressure, closing at declines of 27 to 34 points from the best on the more attractive positions.

Private cables reported a small trade demand in Liverpool and said that buying otherwise had been checked by apprehensions of a further decline in German marks. Crop advices from the southwest were conflicting with the late break, accompanied by reports of good rains in Texas. Exports today 7,623, making 5,892,853 so far this season. Port receipts 5,137; U. S. port receipts 664,122.

NEW YORK SPOTS.  
New York, July 14.—Spot cotton quiet; middling 22.65.

# HEAVY LIQUIDATION AT NEW ORLEANS

New Orleans, July 14.—Heavy liquidation today, long contracts were against shorts in the cotton market. The result much of it plainly was due to the receipt by brokers here of telegrams from Texas stating that much new crop cotton was being ginned in the earliest sections of the state and predicting a further increase in ginning by next August.

New Orleans: Middling, 22-00; receipts, 1,957; sales, 6,800.  
Gulf: Middling, 21-50; receipts, 1,050; sales, 1,000.  
Low: Middling, 21-00; receipts, 1,000; sales, 500.  
Stock, 111,111.

Texas City: Middling, 22-00; receipts, 100; sales, 100.

washed late in the season when the trading months were 27 to 37 points out from the final prices of yesterday. The close was 27 to 37 points net lower than the opening of the season, as low as 27.85 and closed at 21.95. Dist ant positions were weaker, March trading down to 21.30 and closing at the same price.

The opening was lower under the influence of a poor Liverpool and in the early trading prices were 27 to 29 points off. Even at this stage the market's general opinion of prices for cotton were having their effect on values but the decline was checked and the market strengthened for a while by statistics that were generally considered favorable.

The census bureau figures of 507,869 bales as the American consumption of cotton during June were con-

made a larger than expected. Later on the demand for visible supply of American cotton to 2,188,077 bales against 4,112,143 bales a year ago at this time had its effect and prices were carried up to 11 points higher than yesterday's close on the most active months, October, rising to \$23.1. For a while the forecast of the weather there for a month or so of the

western belt caused buying but, for the most part, weather conditions over the belt were considered more favorable than otherwise.

Comparisons are to actual dates, not to close of corresponding weeks:
